Members of IPC and All Members of Council:

Re: 2021 Citywide Growth Strategy Industrial Action Plan Update, IP2022-0080

The Building Industry and Land Development Association Calgary Region (BILD) would like to acknowledge and thank Administration for their efforts in the preparation of the above referenced Industrial Growth Strategy Update to IPC.

BILD and its volunteer members, actively involved in building and development in the Industrial land sector, have been working closely with the City of Calgary on the various actions and initiatives to support and strengthen Industrial development in Calgary. Progress has been made through the work of the Industrial Strategy Working Group (ISWG) as noted in the Update however there remains a key component of the Action Plan yet to be completed.

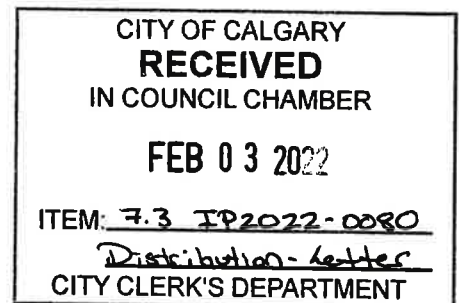

It is critically important the Action Plan to support the Industrial Growth sector continues to be resourced and focused to deliver the desired outcomes in the most timely manner possible. As well, future requests for funding these efforts must be considered and supported by Committee and Council in order to align the Action Plan with financial supports to achieve results.

We would like to thank our BILD member volunteers, other external stakeholders and Administration for their attention and dedication to the Industrial Strategy Action Plan. We are committed to continuing our participation and collaboration with Administration and stakeholders on this important work.

Respectfully,
BILD Calgary Region
