DISCUSSION

This land use amendment application was submitted on 2021 August 26 by B&A Planning Group on behalf of the landowner, Avenue Living Real Estate Opportunity GP Ltd. As noted in the Applicant Submission (Attachment 3), the intent is to convert levels two to five of the existing vacant building to a self-storage facility, while maintaining the existing commercial uses on the ground floor.

The corner site is located in the community of the Beltline on the northwest corner of 1 Street SW and 11 Avenue SW. The site currently consists of a five-storey office building with retail and restaurant uses on the ground floor.

STAKEHOLDER ENGAGEMENT AND COMMUNICATION (EXTERNAL)

- Outreach was undertaken by the Applicant
- Public/Stakeholders were informed by Administration

Applicant-Led Outreach

As part of the review of this application, the applicant was encouraged to use the [Applicant Outreach Toolkit](#) to assess which level of outreach with public stakeholders and the community association was appropriate. In response, the applicant met with the Beltline Neighbourhoods Association (BNA) and contacted adjoining building/landowners with a project summary and offer to discuss the project. The Applicant Outreach Summary is included in Attachment 4.

City-Led Outreach

In keeping with Administration's practices, the application was circulated to stakeholders, notice posted on-site, published [online](#), and notification letters were sent to adjacent landowners.

Administration received three letters of opposition from the public regarding this application. The areas of concern include:

- increased laneway traffic;
- impact to surrounding property values;
- maintaining retail uses on the ground floor;
- not in keeping with the character of the area; and
- security.

The BNA provided a letter to Administration on 2021 December 10 (Attachment 5), advising of their support of the proposed land use amendment. The letter pointed out that the BNA would like to see considerations within the proposed DC District regarding the retention of commercial uses on the ground floor and that all loading should be managed on site.

Administration considered the relevant planning issues specific to the proposed redesignation and has determined the proposal to be appropriate. Rules have been included within the proposed DC District to address the items raised by the BNA.

Following Calgary Planning Commission, notifications for Public Hearing of Council will be posted on-site and mailed out to adjacent landowners. In addition, Commission's recommendation and the date of the Public Hearing will be advertised.
