Councillor Druh Farrell
City of Calgary
Ward07@calgary.ca

Dear Councillor Farrell:

We have been advised that at the next meeting of City Council you plan to introduce two motions: one directing City staff to address problems with poor concrete quality used in the public realm, such as for sidewalks and another directing City staff to ensure that contractors responsible for damage to City property properly indemnify the City for such damage.

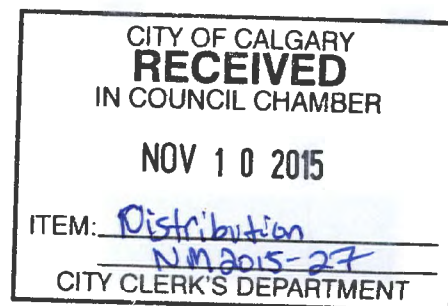

On behalf of the Eau Claire Community Association in Ward 7 I am sending you this note to advise that we fully support you in this and wish you the best success with it next Monday.

If we can be of further assistance on this, please let me know.

Sincerely,

J. A. Hughes

President, Eau Claire Community Association
