Members of IPC and All Members of Council:

Re: 2021 Citywide Growth Strategy Monitoring Report, IPC2021-1668

The Building Industry and Land Development Association Calgary Region (BILD) represents diverse voices of the Calgary region building industry in established areas, new communities, and the region, in residential, commercial, and industrial sectors. Our 600 member companies include builders, developers, renovators, trades, manufacturers, suppliers, professional service providers like planning and engineering companies, insurance, and warranty programs.

Our goal is to ensure vibrant, affordable, development and redevelopment in established neighborhoods and new communities in our region – now, and in the future. We believe balanced growth is **Up, In and Out**, supporting our mandate of **Choice and Affordability**.

BILD is working closely with the City of Calgary to realize our shared City-Wide Growth Strategy objectives to enable growth & development, retain investment and jobs, achieve policy objectives, and maintain a balanced market.

The Strategy encompasses all aspects of growth and development: Growth & Change in **Established Areas**, **New Community** Development, and **Industrial Land** Development.

Since 2016, a significant number of BILD Member Volunteers and BILD Government Relations Staff have been closely involved and actively participating with Administration and other key stakeholders on the City/Industry Work Plan (original naming), with many of those initiatives evolving into the comprehensive City-Wide Growth Strategy.

We would like to thank our volunteers and Administration for their dedication and diligent work. We look forward to continuing our participation and collaboration with Administration and key Stakeholders on the Citywide Growth Strategy, including the Strategy Monitoring Report to return to IPC no later than 2022 October, should Council so direct.

Respectfully,

Brian Hahn
CEO, BILD Calgary Region
