**MOTION CARRIED”**

**Policy Amendment and Land Use Amendment in Killarney/Glengarry (Ward 8) at  
 2804 - 26 Street SW, LOC2021-0147**

---

**HIGHLIGHTS**

- The proposed land use amendment would allow for rowhouses in addition to the building types already allowed (e.g. single detached, semi-detached, duplex dwelling and secondary suites).
- The application represents an appropriate density increase of the site, allows for development that is compatible with the character of the existing neighborhood, and is in keeping with the applicable policies of the *Municipal Development Plan* (MDP).
- What does this mean to Calgarians? The proposed Residential – Grade-Oriented Infill (R-CG) District would allow for increased housing options within the community, and more efficient use of existing infrastructure and nearby amenities.
- Why does this matter? The proposed land use would allow for greater housing choice to accommodate the evolving needs of different age groups, lifestyles, and demographics.
- This application requires an amendment to the *Killarney/Glengarry Area Redevelopment Plan* (ARP).
- No development permit has been submitted at this time.
- There is no previous Council direction.
- Strategic Alignment to Council's Citizen Priorities: A city of safe and inspiring neighbourhoods.

**DISCUSSION**

This land use amendment application, in the southwest community of Killarney/Glengarry, was submitted by Horizon Land Surveys on behalf of the landowners, Jian Yu Wang and Zhang Li Wang, on 2021 September 21. No development permit has been submitted at this time; however, as per the Applicant Submission (Attachment 3), the landowners' intention is to redevelop the property to accommodate a four-unit rowhouse building. The 0.06 hectare parcel is currently developed with a single detached dwelling with rear lane access.

A detailed planning evaluation of the application, including location maps and site context, is provided in Attachment 1, Background and Planning Evaluation.

**STAKEHOLDER ENGAGEMENT AND COMMUNICATION (EXTERNAL)**

- Outreach was undertaken by the Applicant
- Public/Stakeholders were informed by Administration

**Applicant-Led Outreach**

### IMPLICATIONS

#### Social

The proposed land use would allow for a wider range of housing types than the existing DC District and may better accommodate the housing needs of different age groups, lifestyles, and demographics.

#### Environmental

This application does not include any actions that specifically address the objectives of the [Climate Resilience Strategy](#). Further opportunities to align future development on this site with applicable climate resilience strategies may be explored and/or implemented at the development permit and building permit stages.

#### Economic

The ability to develop up to four dwelling units would allow for a more efficient use of existing infrastructure and services. The future development could also support local businesses and employment opportunities in the area.

#### Service and Financial Implications

No anticipated financial impact.

### RISK

There are no known risks associated with this proposal.
