

Office of the City Clerk, Calgary

This letter is in regard to the application made on 7539 Fountain Rd. S.E. Calgary to redesignate the existing property from RC-1 to RC-13 to accommodate a secondary suite on this site.

I notice the applicant stated on reasons for approval that it would not be the first for this area. However on the map mailed to me there is no other RC-13 in the surrounding streets. I fail to see in the proposal (dated May, 2015) any benefit to our street or community as a whole. Our single family homes will no doubt decrease in value while the said property will increase.

Thank you for allowing me to voice my opinion as a resident for 28 years. My hope is you decline the change requested.

Sincerely Helen Reek
