RECOMMENDATION OF THE CALGARY PLANNING COMMISSION, 2022 FEBRUARY 24:

That Council give three readings to **Proposed Bylaw 56D2022** for the redesignation of 0.74 hectares \pm (1.83 acres \pm) at 19600 – Sheriff King Street SW (Portion of N1/2 Section 15-22-1-5) from Multi-Residential – Low Profile (M-1) District to Commercial – Community 1 (C-C1) District.

HIGHLIGHTS

- This application represents a minor amendment to the Belmont Outline Plan area, as approved in 2015, by redesignating a portion of the plan area to enable additional separation between the future fire hall and residential development.
- The proposal would maintain an appropriate development intensity and is in keeping with the applicable policies of the *Municipal Development Plan (MDP)* and the *West Macleod Area Structure Plan (ASP)*.
- What does this mean to Calgarians? Facilitating future site design to allow for additional separation between residential development and a future fire hall building that is needed to service the area.
- Why does this matter? The proposed land use boundary line adjustment would provide a modest increase in density and accommodate future services in a developing community.
- No development permit has been submitted at this time.
- There is no previous Council direction regarding this proposal.
- Strategic Alignment to Council's Citizen Priorities: A city of safe and inspiring neighbourhoods.
