

### Accountability Framework: Building Strong Relationships

The diagram shown below illustrates the relationship between Calgarians, Council and Administration that is critical in building trust, confidence and providing good government. It provides a clear line of sight of how the VISION from Calgarians and Council, and a STRATEGY between Council and Administration is translated into VALUE for Calgarians.

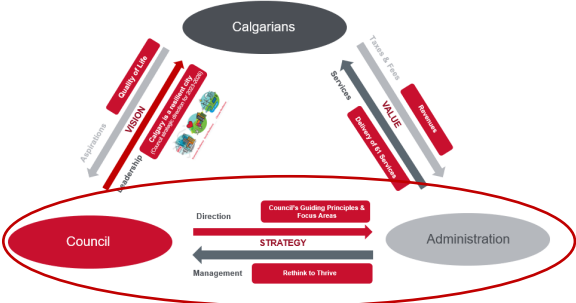

### Overview of each relationship

**VISION**

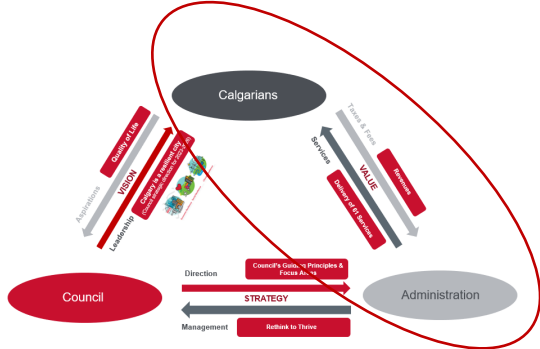

With an understanding of what Calgarians aspire towards as quality of life, Council has directed Administration to build their vision of economic, social and climate resilience for the next four years.

**STRATEGY**

The shared strategic agenda represents Council and Administration driving towards the same direction – achieving Council’s focus areas in the next cycle.

**VALUE**

Administration delivers value to Calgarians through the provision of City services, and continues to demonstrate accountability through the use of performance measures.
