

## Development Permit (DP2022-00785) Summary

A development permit application (DP2022-00785) was submitted by FAAS Architecture on 2022 February 07. The development permit application proposes a two-unit semi-detached dwelling with two backyard suites accessed by the rear lane. The following excerpts (Figures 1, 2 & 3) from the development permit submission provide an overview of the proposal and are included for information purposes only.

Administration's review of the development permit will determine the ultimate building design and site layout details such as parking, landscaping, and site access. No decision will be made on the development permit application until Council has made a decision on this land use redesignation.
