

Community Association Response

November 18, 2021

[EXT] Re: LOC2021-0178-Circulation Package

Thank you Kieran,

Thank you for the opportunity to provide comments on behalf of the Sage Hill Community Association and our residents. I spoke with our planning and safety committee and we do not see any issues increasing building height by one floor (or maybe two).

The only thing we ask for is that the building provide adequate parking on their property so there is not spill over or large amounts of street parking Used up. In other developments we have seen sidewalk curbs which give a pocket for vehicles to street park in And stops them from parking too close to crosswalks or intersections and we would ask that this be included in their planning and construction.

Attached is the PDF form checked off as no comment and signed by myself

Kind regards

Ross Utigard
President
Sage Hill Community Association
