<b>Commissioner Tiedemann</b>	<p>Reasons for Approval</p> <ul style="list-style-type: none"><li>• This is a very simple land use application from a low density district to another low density district. Items such as these sit on the consent agenda for a reason and continued removal of applications such as these undermines good planning principles and makes smart urban redevelopment in Calgary unnecessarily difficult. I urge council to approve this application based on its low impact and its support of the 50/50 growth targets identified in the MDP.</li></ul>
