Public hearing item (required - max 75 characters) Road Closure - Rocky Ridge Bylaw 6C2021; Plan 2110081, Area 'A'

Dear Council,

I am writing as a concerned citizen regarding the redesignation to close the road adjacent to 10313 Eamon Road NW. Through various zoom meetings over the past several months, it has come to my understanding that this is to support extra parking for the church to help meet the parking bylaws in support of land acquired by the city for use of LRT parking. My concern is that this piece of land will be converted to a gravel parking lot which is between 2 residential homes, creating dust, noise and potential loiters hanging out there; will create safety concerns regarding extra traffic pulling out onto a street with busses and pedestrians walking along the south part of the road heading to and from the c-train. Another comment is that with these added parking spots (approx. 20-25), the church is still short parking to help them meet the bylaw requirements. This solution doesn't make sense in this regard. It also doesn't guarantee that this space will not be used for city buildings etc. Thank you for considering my concerns regarding this proposed land closure.

As a resident of the community of Rocky Ridge, a former volunteer of the Rocky Ridge and Royal Oak community association and a neighbour to this proposed development, I would like to express my position against this closure and development of 104th street into a city funded parking lot for exclusive use of 25 parking spots by Journey Church.

My number one concern is that this proposal is between two occupied residences and will be unsafe for the adults and young children who live adjoining. Our children's play area sits 5 meters from the fence line How do I know this? Before restricted LRT street parking was put in place on Eamon Rd. the traffic congestion made the area unsafe for my children. I wrote the current alderman of Ward 1, Ward Sutherland many times about this issue. There were dangerous incidents to my son while on our property due to excessive vehicular traffic prior to restricted street parking.

It is highly unusual to put a commercial parking lot between to occupied residences where young children would be at risk and I ask council members to reflect on the efficacy of such piece meal approaches to planning.
