

## ENMAX Legacy Parks – Preliminary list of current eligible projects

The following list and map shows unfunded capital projects that are eligible for ENMAX Legacy funding. These projects have been evaluated with the eligibility criteria and meet the purpose and mandate of the Legacy Parks Program. Projects are categorized based on their current state of readiness and listed in alphabetical order.

Eligible projects are currently being prioritized using The City's Corporate Capital Prioritization Criteria and if needed a budget allocation request will come forward to Infrastructure and Planning Committee and Council later in 2022. Future fund allocation will occur through the 2023-2026 business cycle and budgeting process, subsequent budget adjustments or through Infrastructure and Planning Committee when fund allocation needs do not align with budget process timelines.

The addition of future opportunities as new projects are identified will be based on projects meeting the eligibility criteria.

**Construction ready:** Projects in this category have designs complete and are ready for construction.

- Chinese Market Gardens (part of Bend in the Bow) [3]
- Eau Claire Plaza (Phase 3) [7]

**Detail Design ready:** Projects in this category have masterplans or conceptual designs complete and require further detail design before they are ready for construction.

- Bend in the Bow [3]
- Eau Claire Plaza (Phase 4) [7]
- Haskayne Legacy Park (Phase 3) [10]
- Millican-Ogden Brownfield Site [12]

**Masterplan ready:** Projects in this category have been identified and selected. They require masterplans and detail design before they are ready for construction.
