<b>Commissioner Tiedemann</b>	<p>Reasons for Approval</p> <ul style="list-style-type: none"><li>• This is a very simple land use application requesting to go from the lowest possible density zoning to the third lowest possible density zoning. The request to rezone to the low density land use of R-CG on a corner lot and a relatively active street is very appropriate. We should not be holding up applications as we wait for higher order planning documents to be re-written.</li></ul>
