

Resilient Roofing Rebate Program Map

As of 2022 April 12

Year one of the program began on 2021 June 01. Group A rebate recipients who were impacted by hail damage in 2020 and replaced their roof with a Class 4 impact-resistant product are shown in purple. On 2022 January 01, the program expanded to Group B to include all eligible homeowners. Group B rebate recipients who replaced their roof after 2021 June 01 with a Class 4 product are shown in yellow.
