East Hill - City Centre
  - MAX Orange  
Brentwood - Saddletowne
  - MAX Teal  
Westbrook - Douglas Glen
  - MAX Southwest  
Woodpark Bv - City Centre
  - Future Extensions  
Indicated by dotted line

# Administration Recommendation

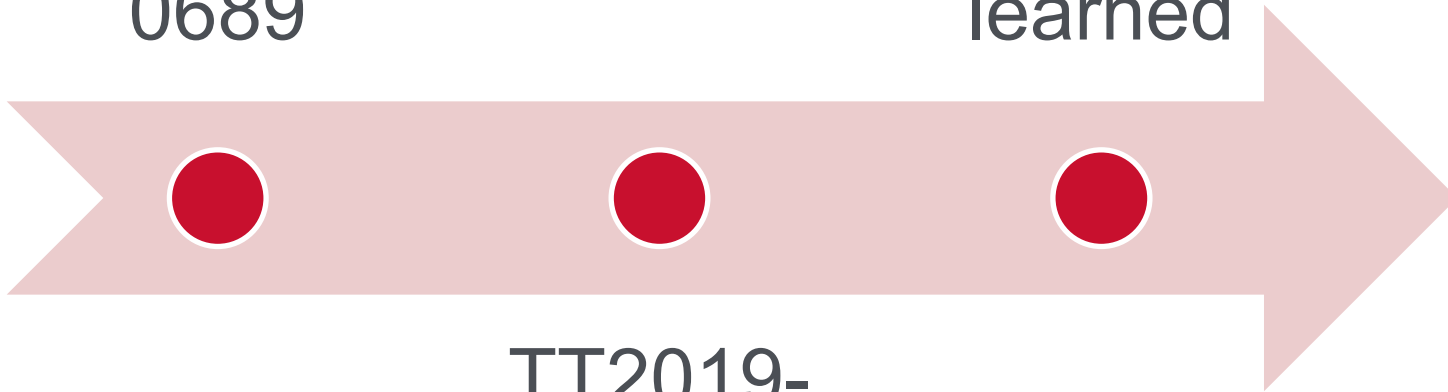

That the Infrastructure and Planning Committee recommends that Council:

1. Direct Administration to incorporate a request for resources to support continued work on interim uses, including a point of contact, as part of the Four-Year Business Plan and Budget process in November 2022.
2. Direct Administration to report back after two years with operating impacts, a review of all fees, and the results of the committee relative to supporting applicants.

## Council Direction

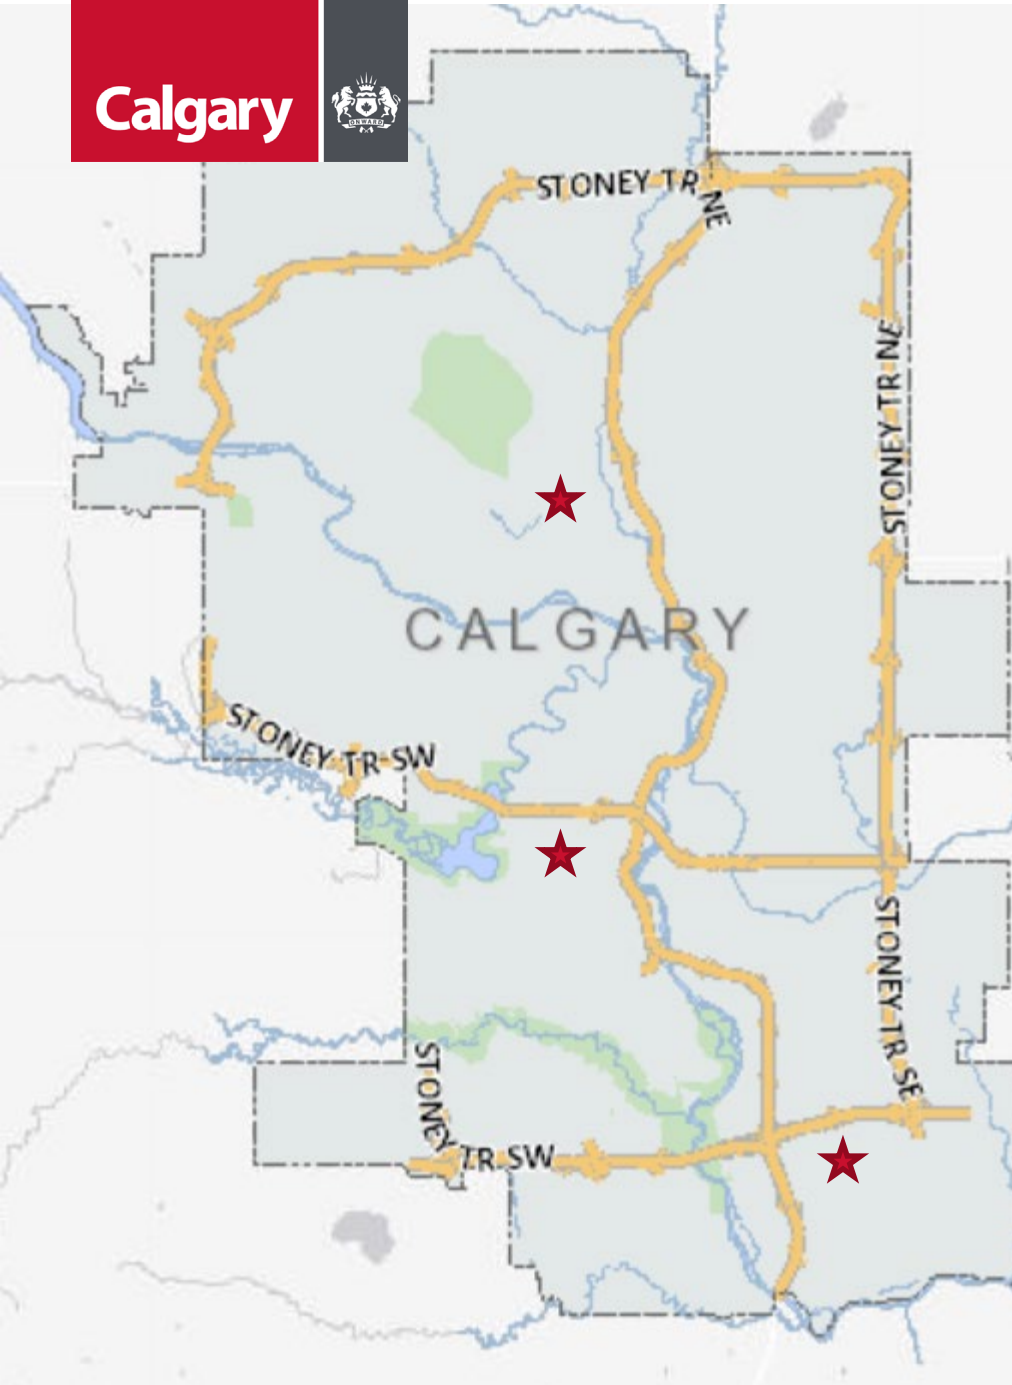

NM2018-  
0689

Today:  
lessons  
learned

TT2019-  
0204

**“Direct administration to engage partners in potential pilot projects...”**

## Lessons Learned

Since 2019, Administration has supported three interim uses on LRT rights of way:

1. Community garden in Auburn Bay (GL)
2. Community plaza at 40 Avenue N (GL)
3. Pop up activation at Heritage LRT station (Red Line)

# Existing Supports

As an applicant, you would experience:

- Single point of access
- Access to two community placemaking libraries
- Supportive policy and frameworks
- Opportunities for microgrants

# Lessons for a Universal Program

1. Examine typical costs and risks
2. Clarify application requirements
3. Promote opportunities
4. Continue to have a cross-corporate approach

# Administration Recommendation

That the Infrastructure and Planning Committee recommends that Council:

1. Direct Administration to incorporate a request for resources to support continued work on interim uses, including a point of contact, as part of the Four-Year Business Plan and Budget process in November 2022.
2. Direct Administration to report back after two years with operating impacts, a review of all fees, and the results of the committee relative to supporting applicants.
