

Background

Family and Community Support Services (FCSS) is a unique funding partnership between The City of Calgary and the Government of Alberta to provide preventive social programs to enhance the lives of Calgarians experiencing vulnerabilities. Administration evaluates the impact of FCSS Calgary funded programs through standardized surveys on social inclusion and other reliable measurement tools. Participants in FCSS-funded programs complete these surveys and the results are analysed and communicated back to the organizations to improve the design and impact of their programs. This continuous cycle of data analysis and program delivery ensures that Calgarians are provided with evidence-based programs that meet their needs.
