

Social Wellbeing Advisory Committee

2022 June 21

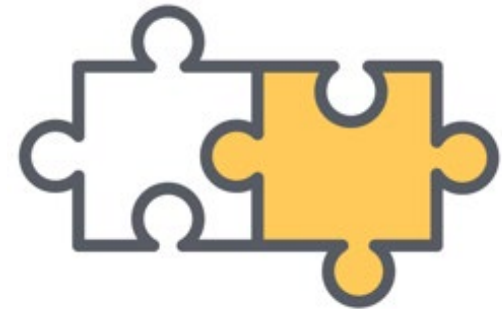

Mandate of the Social Wellbeing Advisory Committee

Advises on how policies, programs, and services can align with Council's Social Wellbeing Policy (2019).

Identifies potential barriers to service delivery and ways to increase inclusion.

Draws on the diverse perspectives of its membership with expertise on social issues and connections to community.

The Principles of the Social Wellbeing Policy (2019)

- Strive to provide equitable services. This includes removing barriers to access and inclusion;
- Advance the active and shared process of Truth and Reconciliation in collaboration with the community;
- Seek opportunities to support and grow culture in Calgary; and
- Aim to stop social problems before they begin using a prevention approach.

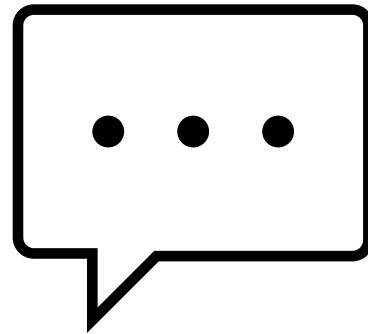

Highlights from the Annual Report

- 9 Committee meetings since May 2021.
 - 10 Gender Equity, Diversity & Inclusion Subcommittee meetings.
- Provided advice on 15 strategies, policies and events spanning 11 business units.
- Presented at The City of Calgary's 2022 Trends Session, 'Equity Considerations for All' and to the Engage Resource Unit.
- Participated in Calgary's Climate Strategy and Action Plans' external working groups.
- Provided feedback on how The City invested \$950,000 in City services to advance equity through the Equity in Service Delivery Fund.
