

# Applicant Outreach Summary

## Community Outreach on Planning & Development Applicant-led Outreach Summary

**Please complete this form and include with your application submission.**

**Project name:** 4649 70 Street NW

Did you conduct community outreach on your application?  YES or  NO

If no, please provide your rationale for why you did not conduct outreach.

### Outreach Strategy

Provide an overview of your outreach strategy, summary of tactics and techniques you undertook (Include dates, locations, # of participants and any other relevant details)

Before undertaking the project, our office completed the "Community Outreach Assessment". The project's impact score is "1A". So we take a direct approach to reach to community association, local residents within a 90 meters radius and also Ward Councillor Office.

On Nov. 12th, 2020, our staff did post card deliver to residents within a 90 meters radius. During the process, our staff did door knocking and spoke with residents at home. The main concerns and comments were gathered and R-CG bylaw restriction and process were explained.

On Nov. 30th, 2020, the applicant had a zoom meeting with Councillor Sutheland and his planning staff. The conceptual drawing were shared and Councillor provided important insights and comments with regards to the project.

The applicant has also in close contact with community association since the application and received support from CA with the contious enagment with residents.

### Stakeholders

Who did you connect with in your outreach program? List all stakeholder groups you connected with. (Please do not include individual names)

Immediate neighbour, local residents, community association and ward councillor office

## Community Outreach for Planning & Development Applicant-led Outreach Summary

### What did you hear?

Provide a summary of main issues and ideas that were raised by participants in your outreach.

The main concerns we heard from local residents and community association are: increased traffic, parking issues, increased density, height, shadow effects, privacy and safety.

Some people also express concerns over property value and crime.

### How did stakeholder input influence decisions?

Provide a summary of how the issues and ideas summarized above influenced project decisions. If they did not, provide a response for why.

We believe those concerns can be properly dealt with at the development permit stage.

1. R-CG is low density residential zoning. The bylaw requires the building format to be compatible to surrounding houses.
2. Garage parking would be provided for each unit.
3. According to R-CG bylaw, the side setback is increased to 3 meters on the side neighbouring another residential dwelling.
4. Even though the maximum height is 1 meter higher, R-CG bylaw require lower height at perimeter.

### How did you close the loop with stakeholders?

Provide a summary of how you shared outreach outcomes and final project decisions with the stakeholders that participated in your outreach. (Please include any reports or supplementary materials as attachments)

Continue engage with Councillor office and community association. And better explain to local residents about proposed developments and restrictions under R-CG.
