RECOMMENDATIONS OF THE CALGARY PLANNING COMMISSION, 2022 JUNE 16:

That Council:

1. Give three readings to **Proposed Bylaw 39P2022** for the amendment to the Bankview Area Redevelopment Plan (Attachment 2); and
2. Give three readings to **Proposed Bylaw 111D2022** for the redesignation of 0.06 hectares \pm (0.15 acres \pm) located at 2101 – 17A Street SW (Plan 3076AB, Block 7, Lots 1 and 2) from Residential – Contextual One / Two Dwelling (R-C2) District to Multi-Residential – Contextual Grade-Oriented (M-CG) District.

HIGHLIGHTS

- This application seeks to redesignate the subject site to enable a grade-oriented, multi-residential development, in addition to the building types already listed in the district (e.g., semi-detached and duplex dwellings).
- The proposal would allow for an appropriate building form and set of uses along 17A Street SW, would enable development compatible with the character of the existing neighbourhood, and is in keeping with the applicable policies of the *Municipal Development Plan* (MDP).
- What does this mean to Calgarians? The proposed redesignation would provide additional housing options in Bankview with access to alternative modes of transportation and nearby amenities.
- Why does this matter? The proposed Multi-Residential – Contextual Grade-Oriented (M-CG) District would allow greater housing options and would better accommodate the evolving needs of different age groups, lifestyles, and demographics in an established community with good access to amenities and services.
- An amendment to the *Bankview Area Redevelopment Plan* (ARP) is required to accommodate the proposal.
- While a development permit has not been submitted at this time, the Applicant has been working with Administration on a pre-application for a five-unit grade-oriented, multi-residential development.
- There is no previous Council direction regarding this proposal.

DISCUSSION

This application, located in the southwest community of Bankview, was submitted by MCI Group on behalf of the landowner, Cru Developments Inc, on 2022 February 25. No development permit has been submitted at this time; however, as per the Applicant Submission (Attachment 3), the landowner intends to develop the site with a five-unit multi-residential building.

The approximately 0.06 hectare parcel is located at the southwest corner of 17A Street SW and 19 Avenue SW. The site is currently developed with a single detached dwelling with access to the rear lane. Development in the area consists of a variety of grade-oriented residential forms. The proposed M-CG District allows for multi-residential development that is contextually appropriate.

A detailed planning evaluation of this policy and land use amendment application, including location and site context, is provided in Attachment 1, Background and Planning Evaluation.
