Dear Councillor Pootmans, Ward 6 Office,

I have been a resident of Coach Hill Patterson Heights (CHPH) for 4 years and I am writing to show my support of the new Outdoor Activity Hub Project our community association is proposing. Our community is without recreation facilities or a central gathering space that is so desperately needed. The board has done a good job at offering events in the past years to bring the community together and this will be place where programs can run, and relationships can be built.

Thanks  
Ali

Dear Councillor Pootmans, Ward 6 Office,

We have been residents of Coach Hill Patterson Heights (CHPH) for 35 years and we are writing to show our support of the new Outdoor Activity Hub Project our community association is proposing.

Our community is without recreation facilities or a central gathering space that is so desperately needed. My husband volunteers to make ice in the outdoor rink and we both clear the snow but without the proper base and sides it is very difficult to keep the ice usable for all the families. The area is under utilized during the rest of the year except for soccer season in May/June.

The board has done a good job at offering ad hoc events in the past years to bring the community together at this site and this will be place where programs can run, and relationships can be built.

We fully support this development project and hope you do as well!

Signed,

Carla McAuley Gilmore and Randy Gilmore

To whom it may concern,

I am emailing to voice my support for the CHPH Outdoor Activity Hub that is going before council this Wednesday, July 20, 2022.

This project holds a great deal of importance to my family.

As we all know too well, the effects of COVID on the mental health of our children and teens has been monumental.

I have a teenage son who was just diagnosed with depression and anxiety. His favourite activity is basketball and while he attempts to use our current facilities he is faced with run down equipment that is falling over, uneven, and dangerous surfaces that are too often covered in broken glass.

The proposed concept would not only provide our community with much needed facilities that I know would positively impact my son's mental well being, as well as the other families in the community, but a revitalization project such as this has the potential to see more community engagement and foot traffic which I believe would contribute to a safer neighbourhood.

I thank you for your time on this matter and I look forward to being present at City Hall on Wednesday to show my support for the CHPH presentation.

Sincerely,

Lexie Ritchie

Dear Councillor Pootmans, Ward 6 Office,

My family and I moved from Killarney to Coach Hill July 2nd 2021. Unfortunately we suffered a total loss house fire and we're currently living in Signal Hill temporarily. We are waiting for our house to be rebuilt and we are planning on living in Coach Hill for years to come, most likely till retirement and beyond, and would love nothing more than to have the City of Calgary proceed with the outdoor activity hub.

Signed,

PS Not being a Canadian citizen myself I couldn't vote for you in the last election but I did bring my wife Trista over to the ballots to cast her vote for you. You can count on my vote in the next election should you choose to run again if I have received my citizenship by then.

Dear Councillor Pootmans, Ward 6 Office,

I have been a member of Coach Hill Patterson Heights (CHPH) for 6 years and I am writing to show my support of the new Outdoor Activity Hub Project our community association is proposing. Our community is without recreation facilities or a central gathering space that is so desperately needed. The board has done a good job at offering events in the past years to bring the community together and this will be place where programs can run, and relationships can be built.

I would like you to know that over the years I have had the opportunity to enjoy the many events the community has put on.

In my humble option I would like you to know that the funds asked for would benefit the residents of the community to a great extent. My family has used the little rink and had interesting interactions with fellow members has given me a personal insight to the community. The new infrastructure that would be built would add to the great experiences that this wonderful community has to offer.

An outdoor hub in this area would be a multi-use, year round recreation spot used to bring everyone together.

With the changing demographics of the area we are in dire need of a suitable space for children and adults.

Our community continues to have many families with small kids moving in and as a parent of two small kids I know this is a much needed space. Many of the playgrounds are small or even falling apart. We have no splay parks, courts or places for children to play. We end up having to go to other neighborhoods to use their facilities. This space is a much needed addition to the area and I would ask that you would support this project.
