Commissioner Tiedmann	<p>Reasons for Approval</p> <ul style="list-style-type: none">• The amalgamation of two adjacent parcels in a mid-block location make the development of a thoughtful project under the R-CG land use much more feasible and logical (when compared to a single mid-block parcel). This application represents very moderate intensification in Calgary's established area and will help to support the 50/50 growth targets that are set out in the MDP.
