What did you hear?

Provide a summary of main issues and ideas that were raised by participants in your outreach.

Participants were confused on the legalizing plan based on the letter received by the City. The way the letters were worded, it was confusing and somewhat indicated that a backyard suite was being planned. However, through conversations I clarified that this is simply legalizing the existing illegal suite in the basement.

How did stakeholder input influence decisions?

No other input received and an understanding was reached by all parties.
