Tsuut'ina Nation	Water & Wastewater	✓	MSA • 2039 MAR 19	No	1972

<sup>1</sup> Cost of Service Studies establish recommendations for the utility rates as set out in the Water and Wastewater Bylaws that are based upon a consultative review with regional customers in alignment with The City's business cycle.

<sup>2</sup> Master Servicing Agreement or "MSA" is the duly executed contract between The City and a regional customer with respect to the supply of potable water and wastewater servicing to the regional customer through the works of The City.
