RE. Rezoning Highland PL..These renters are already using 4 ST,N.W.for their overflow parking,taking the few left for the duplexes,s on the east side (4600 block) the west side (4600-4800)cant park Between 7 A.M.to 8;30 so guess where they are parking..Why is that sign needed???? there is also a firehydrant on the that east side!!!The back lane has been a mess for the past 20 years,and we havent seen a grader for yrsBehind number 13 on the place ,theres an artesian well that flows and puddles up to 10 inches 24/7 365 days a yr.. We have had numerous people slide into the golf course in winter days..John & Evelyn Landry 4646-4 st n.w.

Subject: rezoning highland place nw

i am very concerned about the lack of parking in this area, and feel that there is not enough available even now. Adding more suites due to the zoning will add at least another 16 vehicles to the area. Available parking on 4 st nw is already almost nil, and the extra vehicles will over-strain the existing availability. The people on the west side of 4 st. already over spill to the east side due to the bus zone.

Please reconsider the zoning, or make more parking area than what already exists.

thank you

d landry
