Hi Don,

In reference to our meeting this morning.

We would like to confirm that the alternative sites that were proposed to us, Great Plains and Quarry Park are not suitable for our use and that we cannot come to any suitable operating agreement with your proposed Site Operators. We feel this will not be of benefit to the Lacrosse Community. We wish to advise you that we wish continue with the Ogden Site for the Calgary Lacrosse Facility.

Also, we ask that you investigate the removal of the Acreage Assessment Fee from this site. As advised there is no way we can afford a tax of this magnitude.

I wish to thank you for all your help on this much needed Community Initiative.
