

## Previous Council Direction

### Municipal and Event Landmark Special Policy Areas and Process

DATE	REPORT NUMBER	DIRECTION/DESCRIPTION
2022 May 17	EC2022-0662	<p>That Council:</p> <ol style="list-style-type: none"> <li>1. Using the communities surrounding and adjacent to Crescent Heights, Scotsman’s Hill, Prince’s Island Park, Millennium Park, Red Mile, Prairie Winds and Elliston Park as pilots, directs Administration to:               <ol style="list-style-type: none"> <li>a. Engage with the broader community and event organizers to understand the scope of the issues and concerns in the area;</li> <li>b. Develop recommendations on how best to address event and landmark impacts to these select communities, with an optimized approach to address these issues and the operational and capital costs required to implement the recommendations; and,</li> <li>c. Develop a scalable event response plan to enable Administration to replicate and implement these measures across Calgary in affected communities, to minimize the impacts events have on surrounding communities;</li> </ol> </li> <li>2. Approve one-time funding of up to \$200,000 for multi-community engagement, event operations enhancements (such as increased communication practices), temporary event infrastructure supports and required staffing from the Economic Development and Policy Coordination (EDPC) budget, and to report back through the Community Development Committee with an implementation plan no later than September 2022; and</li> <li>3. Direct Administration to incorporate a request for resources with a funding strategy through the Eventful City Strategy, to support the implementation and continued work, and report back to Council through the 2023-2026 Service Plans and Budgets process in November 2022.</li> </ol>
