## Community Outreach on Planning & Development Applicant-led Outreach Summary

**Please complete this form and include with your application submission.**

---

**Project name:** GHITTER BLOCK - 4915 Elbow Drive SW, Calgary

Did you conduct community outreach on your application?  YES or  NO

If no, please provide your rationale for why you did not conduct outreach.

As stated in the applicant's submission form, this Land Use Amendment application is being made at the request of the city to increase the FAR from 1.0 to 1.2 in order to enclose an existing patio of approximately 650 sf on the 2nd floor of the building. This patio had previously been used by the restaurant, Elbow Room, which was a two floor restaurant. (con't below)

### **Outreach Strategy**

Provide an overview of your outreach strategy, summary of tactics and techniques you undertook (Include dates, locations, # of participants and any other relevant details)

(con't).....A new restaurant is converting to a single floor operation, and therefore the second level premises will be taken over by the existing dental operation on the 2nd floor of the building. In order to expand the dental operation into the previously used restaurant space, the patio is going to be enclosed. During our initial community outreach when we built the building in 2017, we were able to develop a very harmonious working relationship with the community members. As a result, they were very pleased with the development and our ability to address all of their concerns. At this time the enclosure of the patio and turning it into dental offices should not affect the overall building operation and interface with the community.

### **Stakeholders**

Who did you connect with in your outreach program? List all stakeholder groups you connected with. (Please do not include individual names)
