Hi there,

The CA does not support spot rezoning. We have participated in developing a modern ARP and support the zones for increasing density in the locations outlined by the ARP.

Hello!

I'm the file manager for an R-C1 to R-C2 application located at 5011 2nd Ave NW. The advertising period went from April 6th to 27th and I didn't receive any feedback from the CA. I was wondering if you'd be interested in providing the CA's position on the application?

If you have any questions please let me know,
