**Subject: Street Name Application (LOC2021-0152)**  
**18111 Sheriff King Street SW & 1203 Spruce Meadows Trail SW**

Dear Monique Pahud,

On behalf of Apex Limited Partnership, we submit *Silver Spruce* as a street name for the subject site which is located in the community of Silverado. We believe this street name is appropriate for this new neighbourhood.

The *Silver* portion of the name pays homage to the community and reinforces that the subject neighbourhood is in the community *Silverado*. The *Spruce* portion relates to the heritage of landownership of the subject site by Spruce Meadows. Spruce Meadows was established and endures as a leading venue for horse sports and is an important neighbour to the Silverado community.

In addition, *Silver Spruce* is another name for the Colorado Blue Spruce tree. While not native to Alberta, it is one of the most popular trees to plant in Calgary and thus is seen regularly in Calgary neighbourhoods. It is also recommended for planting by the City of Calgary given our climate. The proposed street name, *Silver Spruce*, in our view complies with the *Municipal Naming, Sponsorship and Naming Rights Policy* as well.

We look forward to the City's response to *Silver Spruce* as the proposed street name for the subject site. Should you have any questions please do not hesitate to contact me.

Sincerely,

**PATRICK WETTER**
