General comments or concerns:

I support this application as long as they aren't going to be removing or damaging the multi use pathway on 61st ave. I would also like to see improved safety and comfort for cyclists along 61st Ave SE (and possibly along 50th Ave as well by extending that multi-use pathway past 52nd St) and I think the public space should be dedicated for it. In the future this area will also need better public transit as it develops. Please do more to encourage people to travel to this area without a car.
Thank you!
