**RE: Great Plains / Starfield Outline Plan - LOC2017-0305**

Dear Mr. Tran-Vu:

Please accept this letter of support for the Great Plains/Starfield Outline Plan and land use redesignation. I understand that the Outline Plan and land use redesignation was supported by Calgary Planning Commission on May 5, 2022, and has been recommended to Council for approval.

This Outline Plan will play an important role in making vacant land available for industrial development in Calgary over time and make efficient use of infrastructure and resources. While the lands are predominantly identified as Industrial – General, we are working with Green Impact Partners to redesignate some lands to allow for their Future Energy Park project within this Outline Plan.

We are hopeful that City Council supports the hard work of Real Estate & Development Services on this important Outline Plan and thank you for the opportunity to express our support of your application.

Sincerely,
