<b>Commissioner Tiedemann</b>	<p>Reasons for Approval</p> <ul style="list-style-type: none"><li>• This application seeks to re-designate the parcel to properly accommodate the existing uses and add minimal additional future uses. It should be noted that the applicant is asking to change from a DC to a stock district and the proposed district supports the pre-existing uses on site. The simplification to a stock district and the fact that the proposed district supports the uses already on site provide very strong planning rationale for supporting this application.</li></ul>
