LANDUSE AMENDMENT: LOC2014-0136

956 CANNA CRESCENT SW

I have lived in my home for over 40 years and have enjoyed a nice quiet neighborhood up until three years ago! There are many retired individuals within this crescent who have lived here for 40 years also.

I have just recently retired myself. We have a deck off of our bedroom, which is on the corner of the house adjacent to the neighbor's back entrance and we have not been able to use it due to such close proximity and the loud music and foul language! When the weather is pleasant we like to have our window open and I hear them coming and going. It would be disturbing to have more individuals use that entrance and totally unfair!!

Since these individuals moved into the area this neighborhood has not been the same! There have been many visits from the police – sometimes up to eight police cars have been in front of our home. There has been constant fighting and carryings on. This in itself has been very unsettling and totally disturbing!

The neighbors in 952 Canna Crescent recently moved due to the issues surrounding 956 Canna Crescent. This is totally wrong! But the police can only do so much and only when called. This address is well known to the police, which in itself is a sad state of affairs!

Renters would bring more traffic into the area and cars parked on the street. If the owner is unable to control his own family how would he be able to control renters?! This crescent is starting to bring in young families who do not need or want this influence!

Please take my concerns into consideration and DO NOT PERMIT A LEGAL BASEMENT SUITE in this home!!
