

Financial Statements

Calgary Parking Authority

December 31, 2021

Independent Auditor's Report

To the Members of the Audit Committee and the Board of Directors of Calgary Parking Authority

Opinion

We have audited the financial statements of Calgary Parking Authority (the "Authority"), which comprise the statement of financial position as at December 31, 2021, and the statements of operations and accumulated surplus, remeasurement gains and losses, change in net financial assets and cash flow for the year then ended, and notes to the financial statements, including a summary of significant accounting policies (collectively referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Authority as at December 31, 2021, and the results of its operations, its remeasurement gains and losses, changes in its net financial assets, and its cash flows for the year then ended in accordance with Canadian public sector accounting standards ("PSAS").

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards ("Canadian GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Authority in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements Management is responsible for the preparation and fair presentation of the financial statements in accordance with PSAS, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Authority's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Authority or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Authority's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian GAAS will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian GAAS, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

CALGARY PARKING AUTHORITY

Identify and assess the risks of material misstatement of the financial statements, whether due to
fraud or error, design and perform audit procedures responsive to those risks, and obtain audit
evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not
detecting a material misstatement resulting from fraud is higher than for one resulting from error, as
fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of
internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Authority's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Authority to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Chartered Professional Accountants November xx, 2022

ACCUMULATIVE REMEASUREMENT GAIN, Beginning of year	8,699,080	3,882,968
	2021	2020

CALGARY PARKING AUTHORITY

Calgary Parking Authority (the "Authority") was established under By-Law 28M2002 of The City of Calgary (the "City") to investigate requirements for the parking of motor vehicles within Calgary, to arrange for provision of publicly owned parking facilities, to encourage construction of privately owned parking facilities, to operate and manage the parking facilities owned by the City and to report to and advise City Council on all matters related to or concerned with the parking of motor vehicles in Calgary. The Authority is responsible for parking enforcement. Distribution of net income is transferred to the City on a monthly basis (note 15). The Authority is a municipal authority and as such is not subject to income tax.

On September 15, 2021 The City Council repealed Bylaw 28M2022, which resulted in The City directly overseeing governance and operations of parking facilities, parking enforcement and the management of the municipal vehicle impound lot.

The Authority is also responsible for the management of the Municipal Vehicle Impound Lot; revenue and expenditures of this operation are included in the Authority's financial statements.

The Authority also markets the ParkPlus System to other organizations and municipalities.

1. SIGNIFICANT ACCOUNTING POLICIES

Under Canadian Public Sector Accounting Standards ("PSAS"), introduction to public sector accounting standards, the Authority meets the criteria of a government component and as such, the financial statements for the year ended December 31, 2021 have been prepared in accordance with PSAS.

a) Basis of Accounting

i) Basis of measurement

These financial statements were prepared on a going concern basis, under the historical cost convention except for certain financial instruments that are measured at fair value, as explained in the accounting policies below.

ii) Revenue recognition

Revenues consist of the parking revenues from owned and leased locations, sales and fees from the impound lot, and fines and penalties from parking control. Revenues from parking revenues are recognized as revenue when parking transactions relating to the revenue occur and the funds have been received or are receivable and collection is reasonably assured. Revenue from fines, penalties and the impound lot are recognized as revenue when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured.

Other revenues, including permit fees and sales and marketing revenue is recognized when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured.

Government transfers and grants are recognized in the financial statements as revenues in the period in which the events giving rise to the transfer occur, providing the transfers are authorized, any eligibility criteria have been met, and reasonable estimates of the amounts can be made.

b) Cash and Cash Equivalents

Cash and cash equivalents consist of cash and cash held with the City which include cash on deposit, treasury bills and Guaranteed Investment Certificates with original maturities of 90 days or less at the date of acquisition and are recorded at cost.

c) Investments

The Authority has three investments, representing the funds from the Capital Reserve Fund, previously the Parking Structure Replacement Fund (notes 4 and 5), the Capital Deposits (notes 4 and 8) and Long term Investment Fund (notes 4 and 6). All three funds are invested by the City, consisting of long term bonds.

Investments are recorded at the fair value and changes therein are recorded as unrealized gains and losses in the statement of remeasurement gains and losses. When an investment is derecognized, the accumulated remeasurement gain or loss is reclassified to the statement of operations and accumulated surplus as a profit or loss.

d) Financial instruments

The Authority's financial instruments include cash and cash equivalents, receivables, loan receivables, investments, accounts payable and accrued liabilities, accrued interest payable, long-term debt and employee benefits payable.

Financial instruments are recognized when the Authority becomes a party to the contractual provisions of the instrument. Financial assets are derecognized when the rights to receive cash flows from the assets have expired or have been transferred and the Authority has transferred substantially all the risks and rewards of ownership. Financial instruments are reviewed at each reporting date for potential impairment.

Investments quoted in an active market are recorded at fair value. All other financial assets and liabilities are recorded at cost and the associated transaction costs are added to the carrying value of items in the cost upon initial recognition. The gain or loss arising from derecognition of a financial instrument is recognized in the statement of operations and accumulated surplus. Impairment losses such as write-downs or write-offs are reported in the statement of operations and accumulated surplus.

The Authority has classified its financial assets as follows:

Fair value

Fair value represents the price that would be received by selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Authority classifies the fair value of the financial instruments according to the following hierarchy based on the amount of observable inputs used to value the instrument. The three levels of the fair value hierarchy are:

- Level 1 Unadjusted quoted prices in active markets for identical assets or liabilities;
- Level 2 Inputs other than quoted prices that are observable for the asset or liability either directly or indirectly; and
- Level 3 Inputs that are not based on observable market data.

Cash and cash equivalents is classified as Level 1 as the carrying value equals the fair value. The Authority does not have any hedges or derivative instruments. Classification of the Authority's other financial instruments and fair value measurements within the fair value hierarchy are disclosed in note 4. There have been no changes in valuation techniques for any of the Authority's fair value measurements during the year.

e) Customer Deposits

Customer deposits include those payments prepaid by cellular phone account holders and prepaid monthly parking contract customers. Cellular phone account funds are received as deposits for future use in parking. The usage is recorded as revenue and any remaining balances are refundable to the customers if they choose to close their accounts.

f) Capital Deposits

Capital deposits represent amounts received from third parties for specified capital projects. Deposits must be expended on projects for which they are designated, and are recognized as revenue when expenditures are made.

g) Employee Benefit Obligations

The Authority participates in a multi-employer plan classified as a defined benefit plan. However, based on the evaluation of the available information, the Authority is not required to account for the plan in accordance with the defined benefit accounting principles.

When sufficient information is not available to use defined benefit accounting for a multi-employer benefit plan, the plan is accounted for as if it were a defined contribution plan. Accordingly, the contributions payable during the period are recognized as an expense in the statement of operations and accumulated surplus. Any accrued contributions payable are recorded as a liability while prepaid contributions are recorded as a prepaid expense.

Adjustments arising from actuarial experience gains and losses for active plans are amortized on a straightline basis over the expected average remaining service period of the active employee group. Adjustments arising from prior service costs related to plan amendments and changes in the valuation allowance are recognized in the period in which the adjustment occurs.

h) Non-financial Assets

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year and are not intended for sale in the normal course of operations. The change in non-financial assets during the year, together with the annual surplus, provides the Change in Net Financial Assets for the year.

i) Accumulated Surplus/Deficit

Accumulated surplus/deficit represents the Authority's net economic resources. It is an amount by which all assets (financial and non-financial) exceed liabilities. An accumulated surplus indicates that the Authority has net resources (financial and non-financial) that can be used to provide future services. An accumulated deficit means that liabilities are greater than assets.

j) Tangible Capital Assets

Tangible capital assets are recorded at cost which includes all amounts that are directly attributable to acquisition, construction, development or betterment of these assets. Work in progress represents assets which are not available for use and therefore are not subject to amortization. Tangible capital assets are written down when there is permanent and measurable impairment in its tangible capital asset value and the tangible capital asset still exists.

The cost, less residual value, of tangible capital assets is amortized on a straight line basis over the estimated useful life as follows:

Lot improvements5-25 yearsStructure3-50 yearsEquipment and software3-10 yearsVehicles3-6 years

k) Budget

The budget amounts presented throughout these financial statements are based on the operating and capital budgets, modified for assets capitalized on the Statement of Financial Position, approved by the Calgary Parking Committee (formerly the Board of Directors), and the City Council.

I) Use of Estimates

The preparation of the financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and contingent liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Where estimation uncertainty exists, the financial statements have been prepared within reasonable limits of materiality. Actual results could differ from estimates. The amounts recorded for valuation of tangible capital assets, the useful lives and related

amortization of tangible capital assets, accrued liabilities, employee benefit obligations, contingent liabilities and commitments are areas where management makes significant estimates and assumptions in determining the amounts to be recorded in the financial statements.

m) Inter-entity Transactions

Inter-entity transactions include transactions between the Authority and other reporting entities controlled by the City from both a provider and recipient perspective. Those assets or liability transferred at nominal or no consideration are recorded at the carrying value. The Authority does not record those transactions related to unallocated costs.

n) Future Accounting Pronouncements

Standards effective for fiscal years beginning on or after April 1, 2021:

i) Asset Retirement Obligations

Asset retirement obligations ("PS 3280") provides guidance relating to obligations to retire tangible capital assets of a public sector entity that are predictable and unavoidable. This standard is effective for fiscal years beginning on or after April 1, 2022. Earlier adoption is permitted.

ii) Revenue

Revenue ("PS 3400") provides guidance relating to the recognition of revenue that distinguishes between revenue that arises from transactions that include performance obligations and from transactions that do not have performance obligations. This standard is effective for fiscal years beginning on or after April 1, 2023. Earlier adoption is permitted.

The Authority is currently assessing the impact of the future accounting standards on the financial statements.

2. CASH AND CASH EQUIVALENTS

	December 31, 2021 \$	December 31, 2020 \$
Cash Cash held with the City	1,212,738 2,306,845	215,614 3,447,059
	3,519,583	3,662,673

Cash and cash equivalents consists of cash held by the City on the Authority's behalf in the amount of \$2,306,845 (2020 – \$3,447,059). The Authority utilizes this cash in its day-to-day operations.

3. RECEIVABLES

Receivables consist of:

December 31, 2021	December 31, 2020
\$	\$
1,643,000	1,293,000
316,319	412,795
943,908	406,796
2,903,227	2,112,591
	\$ 1,643,000 316,319 943,908

4. INVESTMENTS

Investments are held for the following designated purposes:

	December 31, 2021 \$	December 31, 2020 \$
Capital deposits (note 8) Capital reserve fund (note 5) Long term investment fund (note 6)	195,265 107,288,404 50,936,548	2,522,543 113,078,008 45,120,049
Book value of investments Accumulated remeasurement gains	158,420,217 2,012,750	160,720,600 8,699,080
Fair value of investments	160,432,967	169,419,680

The investments consist of long-term bonds with a market value of \$160,432,967 (December 31, 2020 – \$169,419,680). The average yield earned from investment during the year ended December 31, 2021 was 2.90% (2020 – 4.91%). These investments are classified at Level 2 in the fair value hierarchy and there was no movement between the levels in the fair value hierarchy during the year. The investments are invested into a pool of long term bonds, where the return on investment is calculated as the average of the securities in the long term portfolio. The City treasury does not provide a rate of return for each individual bond, but provides a rate on the portfolio as a whole. This is the rate that the Authority collects on its portion of investments.

a) Capital Reserve Fund Hierarchy

The following table illustrates the classification of financial instruments at fair value on the statement of financial position within the fair value hierarchy:

Financial assets at fair value as at:

	Level 1	Level 2	Level 3	Total
	\$	\$	\$	\$
Bonds – December 31, 2021 Bonds – December 31, 2020	<u>.</u>	108,651,517 119,198,310	<u>-</u>	108,651,517 119,198,310

The following table reconciles the Calgary Parking Authority Level 2 Capital Reserve Fund fair value measurements as follows:

Fair value measurements using Level 2 inputs		
	2021	2020
<u>-</u>	\$	\$
Beginning balance at January 1	119,198,310	107,301,687
Fair value movement	(4,757,189)	3,739,901
Purchases (including interest earned and reinvested)	5,341,251	8,156,722
Withdrawal	(11,130,855)	-
Ending balance at December 31	108,651,517	119,198,310

b) Capital Deposit Hierarchy

The following table illustrates the classification of financial instruments at fair value on the balance sheet within the fair value hierarchy:

Financial assets at fair value as at:

	Level 1	Level 2	Level 3	Total
	<u> </u>	Φ	Ψ	<u> </u>
Bonds - December 31, 2021	_	197,746	_	197,746
Bonds – December 31, 2020		2,659,111	-	2,659,111

The following table reconciles the Calgary Parking Level 2 Long Term Investment Fund fair value measurements as follows:

Fair value measurements using Level 2 inputs

	2021 \$	2020 \$
Beginning balance at January 1 Fair value movement Purchases (including interest earned and reinvsted) Withdrawal Ending balance at December 31	2,659,111 (134,087) 50,287 (2,377,565) 197,746	2,459,337 82,016 117,758

c) Long Term Investment Fund Hierarchy

The following table illustrates the classification of financial instruments at fair value on the balance sheet within the fair value hierarchy:

Financial assets at fair value as at:

	Level 1	Level 2	Level 3	Total
	\$	\$	\$	\$
Bonds – December 31, 2021 Bonds – December 31, 2020	- -	51,583,704 47,562,259	- -	51,583,704 47,562,259

The following table reconciles the Calgary Parking Authority Level 2 Long Term Investment Fund fair value measurements as follows:

Fair value measurements using Level 2 inputs

- -	2021 \$	2020 \$
Beginning balance at January 1	47,562,259	65,249,361
Fair value movement	(1,795,054)	994,195
Purchases (including interest earned and reinvsted)	15,649,729	2,661,136
Withdrawal	(9,833,230)	(21,342,433)
Ending balance at December 31	51,583,704	47,562,259

5. CAPITAL RESERVE FUND

In 1999, the Board of Directors of the Authority approved the creation of a parking structure replacement fund for the purpose of replacing parking structures, with an annual contribution of \$2,000,000 plus interest earned. In 2020, this fund was renamed to capital reserve fund with annual contribution increased to \$3,000,000. The total balance of the fund has been invested by the City Treasury (note 4a).

	2021 \$	2020 \$
Opening balance	113,078,008	104,921,286
Contribution, including interest	5,341,251	8,156,722
Withdrawal	(11,130,855)	-
Closing balance, at cost	107,288,404	113,078,008

6. LONG TERM INVESTMENT FUND

In 2018, a new fund was created to for the purpose of improving the rate of return on cash balances exceeding amounts needed for operations. This fund is unrestricted and it will be used to finance future capital projects. The total balance of the fund has been invested by the City treasury (note 4).

	2021 \$	2020 \$
Opening balance	45,120,049	63,801,346
Contribution, including interest	15,649,729	2,661,136
Withdrawal	(9,833,230)	(21,342,433)
Closing balance, at cost	50,936,548	45,120,049
7. CUSTOMER DEPOSITS	2021	2020
	\$	\$
Opening balance	5,036,960	4,779,944
New deposits received	8,703,392	8,884,292
Transfer to revenue	(8,220,566)	(8,627,276)
Closing balance	5,519,786	5,036,960

The customer deposits include Parkplus cell phone account balances and monthly parker prepaid balances. These balances are refundable to the customers if they choose to close their accounts.

8. CAPITAL DEPOSITS

Capital Deposits consist of capital deposits paid by developers, in place of providing required parking stalls within an office/commercial development in downtown Calgary. Capital deposits are received by the City upon release of the Development Permit which is required to commence construction. Capital deposits are recorded by the Authority and are non-refundable once the development completion permit (when all requirements of occupancy are met) is issued. These deposits represent contributions for 4 (2020 – 581) stalls. This program was ended by the City Council in 2016 and no new deposits have been received in 2021 and 2020. The total balance of the fund has been invested by the City treasury (note 4). In 2021, the City Council approved \$2,377,565 (2020 – nil) of the capital deposits to be transfered to the City of Calgary's reserve for various redevelopment programs.

	-	D	ecember 31, 2021	December 31, 2020
	Principal \$	Interest \$	Total \$	Total
Opening balance Interest earned	946,373	1,576,170 51,690	2,522,543 51,690	2,404,785 117,758
Withdrawal Transfer to the City	- (895,073)	- (1,482,492)	- (2,377,565)	-
Closing balance	51,300	145,368	196,668	2,522,543

9. EMPLOYEE BENEFITS OBLIGATIONS

	2021 \$	2020 \$
Post-retirement benefit obligation (b) Vacation and other liabilities	1,057,430 637,125	1,002,883 395,457
Vasation and other nashinos	1,694,555	1,398,340

a) Multi-employer pension plan

The Local Authorities Pension Plan ("LAPP") is a multi-employer defined benefit plan, sponsored by the Alberta Minister of Finance and administered by Alberta Pension Services ("APS"). Due to the multi-employer nature of this plan, information is not available to determine the portion of the plan's obligations and assets attributable to each employer. Therefore, the Authority appropriately accounts for the plan using the method for defined contribution plans. The amount of expense recorded in the financial statements is equal to the Authority's current service contributions to the plan as determined by APS for the year and no obligation is recorded in the Authority's financial statements. However, given that this multi-employer plan is in a deficit position, an inherent unrecorded liability amount is attributable indirectly to plan participants. Plan deficiencies will need to be resolved by increased future employee and employer contributions, increased investment returns and interest rates, management or amendment of future liabilities, or a combination of these elements.

The Authority is required to make current service contributions to the LAPP of 9.39% (2020 – 9.39%) of pensionable payroll up to the yearly maximum pensionable earnings ("YMPE") and 13.84% (2020 – 13.84%) thereafter. Employees of the Authority are required to make current service contributions of 8.39% (2020 – 8.39%) of pensionable salary up to YMPE, and 12.84% (2020 – 12.84%) thereafter. Contributions for current service are recorded as expenditures in the year in which they become due.

Total current service contributions by the Authority to the LAPP in 2021 were \$1,481,173 (2020 – \$1,511,281). Total current service contributions by the employees of the Authority to the LAPP in 2021 were \$1,333,679 (2020 – \$1,362,602).

The LAPP reported a surplus (extrapolation results of the actuarial valuation) for the overall plan as at December 31, 2020 of 4,961,337,000 (2019 – 7,913,261,000). More recent information was not available at the time of preparing these financial statements.

b) Post-retirement benefits obligation includes:

i) Retiree Benefits Plan

The Authority sponsors post-retirement benefits for extended health, dental and life insurance benefits to qualifying retirees and their surviving spouses from the date of retirement to the age of 65, when coverage under the Alberta Seniors Benefit Program begins. The Authority and the retirees share equally in the cost of benefits. Due to the joint nature of the plan and the cost sharing arrangement, the financial statements of the Authority reflect the Authority's portion only of both the expense and the accrued benefit liability. This plan was introduced effective January 1, 2017.

ii) Retirement Bonus Plan

The Authority sponsors a non-contributory retiring allowance of up to 6 weeks of salary for qualifying retirees. The cost of these benefits is recognized as an expense as the employees provide service. This plan was introduced effective January 1, 2017. The Authority have made the decision to discontinue the retirement allowance for exempt employees as of February 1, 2022. Exempt employees that do not qualify for retirement before February 1, 2022 have been removed from the retirement allowance obligation.

Full actuarial valuations for post-retirement benefits were (and will be) performed as follows:

	Latest Full Actuarial	Next Full Actuarial
	Valuation Date	Valuation Date
Retiree Benefits Plan	December 31, 2020	December 31, 2023
Retirement Bonus Plan	December 31, 2020	December 31, 2023

The results of, and significant assumptions utilized, in the December 31, 2021 and 2020 actuarial accounting valuations for post-retirement benefits include:

	2021	2020
<u> </u>	\$	\$
Accrued benefits obligation, beginning of year	1,002,883	1,002,078
	• •

Equipment and software	8,619,516	809,701	(6,533,082)	2,896,135
Vehicles	908,529	328,643	(46,936)	1,190,236
	75,814,114	5,338,082	(10,094,352)	71,057,844
Net book value	122,762,980	1,631,106	(529,081)	123,865,005

Disposal of tangible capital assets are as follows:

	Proceeds	Net Book Value	2021 Gain/(Loss)	2020 Gain/(Loss)
	Froceeus \$	\$	\$	\$
Disposition of Land	18,189,720	5,830,744	12,358,976	-
Othere disposition	59,455	43,966	15,489	(504,211)
Contributed TCA	-	-	-	1,008,681
	18,249,175	5,874,710	12,374,465	504,470

In 2020, as a result of continued evaluation of tangible capital assets, the Authority identified certain land parcels that were not recognized on the Authority's books and records. As a result, an amount of \$1,008,681 was recognized as a contributed tangible capital and the resulting gain was recorded in the statement of operations and accumulated surplus.

12. PREPAID LEASE

In 1977, the Authority commenced and prepaid a 99 year lease on the land site of City Centre Parkade. The prepaid lease payments are being amortized on a straight-line basis over the term of the lease. The future lease expense as at December 31, 2020 and 2019 are as follows:

	2021 \$	2020 \$
Not later than one year Later than one year and not later than five years Later than five years	17,778 88,890 862,212	17,778 88,890 879,990
Total	968,880	986,658

13. ACCUMULATED SURPLUS

Accumulated surplus consists of restricted and unrestricted amounts as follows:

	2021 \$	2020 \$
Operating fund	(5,373,613)	(11,020,208)
Accumulated remeasurement gain (note 4)	2,012,750	8,699,080
Loan receivable (note 15c)	231,560	49,359,064
Capital reserve fund (note 5)	107,288,404	113,078,008
Long term investment fund (note 6)	50,936,548	45,120,049
Equity in non-financial assets (note 14)	192,482,423	124,875,819
	347,578,072	330,111,812

14. EQUITY IN NON FINANCIAL ASSETS

Equity in non-financial assets consists of:

2021 \$	2020 \$
265,397,349 (74,395,999) - 1,481,073	194,922,852 (71,057,847) (277,569) 1,288,383 124,875,819
	\$ 265,397,349 (74,395,999) -

15. RELATED PARTY TRANSACTIONS

Distributions to the City were as follows:

2021 \$	2020 \$
- 3,460,117	11,000,000 2,013,746
3,460,117	13,013,746
947,473	1,272,406
4,407,590	14,286,152
	3,460,117 3,460,117 947,473

- a) Bylaw 28M2002, "The Calgary Parking Authority Bylaw" sets forth the financing of operations. The Committee (formerly the Board of Directors), of the Authority in its regular meeting of September 25, 2008 approved continuation of the 65% return policy to the City. The Authority will return to the City 65% of its net income after any net income from Parking Control and after distribution of net income to managed locations as per contractual agreements. The Authority obtained permission from the City Council to not meet the return policy in 2021 due to the reduced demand for parking during the pandemic.
- b) Other contribution to the City include the transfer of net income pertaining to managed parking lots with the City and affiliated authorities as a result of parking management agreements. This amount is included in rent expense on the statement of operations and accumulated surplus.

c) Related Party Transactions:

Related party transactions with the City departments and affiliated authorities in the normal course of business were as follows:

	2021 \$	2020 \$
Related party expenses Related party revenue	11,188,644 1,908,871	10,830,608 2,234,485
Related party receivable as at December 31 (e) Related party accounts payable as at December 31	231,560 (226,102)	49,359,064 (6,535,667)

Related party transactions that are undertaken on similar terms and conditions to those adopted if the Authority was dealing at arm's length are measured at the exchange amount. Transactions that are undertaken as a result of allocated costs and/or recoveries are measured at the exchange amount.

d) Contributions from the City of Calgary reserves

In 2019, the Authority started to receive contributions from the City's reserve to fund its parkade lifecycle maintenance cost. Contribution received in 2021 was \$7,733,984 (2020 - \$nil).

e) Loan Receivable

In 2018, the Authority entered into a non-interest bearing loan arrangement with the Calgary Municipal Land Corporation ("CMLC") where the Authority lends to CMLC to fund the construction cost of a parkade. The loan is measured at cost and the balance as of December 31, 2021 is \$231,560 (2020 – \$49,359,064). This loan was mostly repaid in 2021 upon construction completion.

f) Grant Revenue

In 2020, the Authority, through the City of Calgary application, received a one-time Municipal Operating Support Transfer from the Government of Albera for COVID-19 related incremental operating costs or decrease in revenue in the period April 1, 2020 to December 31, 2020. Amount received in 2021 is \$nil (2020 - \$10,222,159).

16. SEGMENTED INFORMATION

The Schedule of Financial Activity by Segment has been prepared in accordance with PSAS Handbook Section 2700 ("PS 2700") Segment Disclosures. The segments selected are to enable users to better understand the government reporting entity and the major revenue and expense activities of The Authority. For each reported segment, revenues and expenses represent amounts directly attributable to each segment.

The segments have been selected based on a presentation similar to that adopted for the municipal financial planning and budget process as well as the quarterly reporting of budget status during the year. Segments include:

- a) Administration includes the items of revenue and expenses pertaining to operations of administrative departments of the Authority and those activities at corporate level.
- **b)** Sales and Marketing includes the items of revenue and expenses pertaining to the operation of parking sales and marketing of ParkPlus System to other organizations and municipalities.
- **c) Parking Facilities** includes the items of revenue, recoveries and expenses pertaining to the operation of parking facilities. The facilities managed by the Authority include:
 - i) Parkades;
 - ii) Surface lots; and
 - iii) On-street parking.
- **d) Impound Lot** includes the items of revenue, recoveries and expenses pertaining to the municipal impound services.
- e) Parking Control includes the items of revenue, recoveries and expenses pertaining to the parking enforcement services.

Schedule of Financial Activity by Segment: For the year ended: December 31, 2021:

	Total	Administrat ion	Sales and Marketing	Parkades	Surface Lots	On-Street Parking	Impound Lot	Parking Control

Unrealized loss on investments 4,816,112
Distribution to the City (13,013,746)
Annual Surplus 14,374,289

17. COMMITMENTS

- a) Capital commitments of \$969,954(2020 \$13,956,544) are not reflected in the financial statements. This amount represents uncompleted portions of contracts, as at December 31, 2021, on major projects and estimated obligations under other various agreements. These capital commitments are included in future years' budgets and will be funded from the Authority's revenue and reserves.
- b) The Authority is exposed to fluctuations in electricity prices in the deregulated market of Alberta. On behalf of the Authority, the City has entered into an agreement to purchase the forecast amount of electricity required for operations. The agreement provides the commodity portion of electricity charges at an agreed annual rate for the term of the contract, which will expire on December 31, 2026. The delivery portion of electricity charges is regulated and set by the Alberta Utilities Commission, and is subject to change in the future.
- c) The Authority manages City-owned lots on behalf of the City to generate parking revenue and is committed to remitting a percentage of that revenue back to the City as per various negotiated agreements.
- **d)** The Authority entered into an operating lease, the minimum lease payments the Authority is committed to are outlined below:

	2021	2020
_	\$	\$_
Not later than one year	94,367	94,367
Later than one year and not later than five years	-	102,231
<u> </u>	94.367	196.598

18. FINANCIAL INSTRUMENTS AND RELATED RISKS

Risk management

For cash and cash equivalents, receivables, loan receivables, accounts payable and accrued liabilities, accrued interest payable and employee benefit obligations, the carrying amounts of these financial instruments approximate their fair value due to their short-term maturity.

The Authority is exposed to the following risks as a result of holding financial instruments:

i) Credit risk

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Authority.

The Authority, in the normal course of business, is exposed to credit risk from its customers. This risk is insignificant as the majority of the revenue is on a cash basis (parking revenues) and recoveries for the impound lot and parking control operations are operated under the jurisdiction of the Province of Alberta, which has legislation and deterrents in place for unpaid fines. The Authority does not require an allowance for doubtful accounts due to the short-term collection period of its trade receivables. The credit risk on Cash held with the City is limited because the City is a large municipal body with sufficient access to financing and a high credit rating.

The maximum exposure to credit risk as at December 31 was:

	2021 \$	2020 \$
Cash and cash equivalents Receivables	3,519,583 2,903,227	3,662,673 2,112,591
	6,422,810	5,775,264

ii) Interest rate risk

The Authority's receivable, loan receivables and accounts payable and accrued liabilities are non-interest bearing. The Authority is subject to interest rate risk with respect to its investments. A one percent increase (decrease) in the interest rate of investments will increase (decrease) net income by \$3,333,900 (2020 – \$3,315,521). The Authority is not subject to interest rate risk with respect to its long-term debt because the rate is fixed over the terms of its maturity.

iii) Liquidity and funding risk

Liquidity risk arises through the excess of financial obligations due over available financial assets at any point in time. The Authority's objective in managing liquidity risk is to maintain sufficient readily available cash balances in order to meet its liquidity requirements. The contractual obligations as at December 31, 2020 are as follows:

Accounts payable and accrued liabilities
Retirement allowance benefit
Vacation and other benefits payable
Total

Less than	3 months	3 months to 1 year	Total
	\$	\$	\$
	4,580,679		4,580,679
		1,057,430	1,057,430
		637,125	637,125
	4,580,679	1,694,555	6,275,234

Funding risk is the risk that market conditions will impact the Authority's ability to raise capital under acceptable terms and conditions. Under current market conditions and its financial structure and relationship to the City, both liquidity and funding risk are assessed as low.

iv) Currency risk

The Authority's functional currency is the Canadian dollar. There is low foreign exchange risk to the Authority, as an insignificant number and amount of transactions are conducted in foreign currency. The Authority does not engage in any hedging activities.

v) Concentration of risk

The location of the Authority's parkades and surface lots are mainly concentrated in downtown Calgary and subject to fluctuations in the labour market, rental, office vacancy rates and potential future flood in this area.
