

Variable Set-Out for Black Carts: Recommendation on Proposed Pilot

01 December 2022

Recommendation

That the Community Development Committee recommends that Council:

- Directs Administration not to proceed with the variable set-out pilot so that it can continue to deliver the Black Cart program at a low cost to all households.

Why are we making this recommendation?

Monthly Black Cart Program charges will go up by at least 50 cents for all households

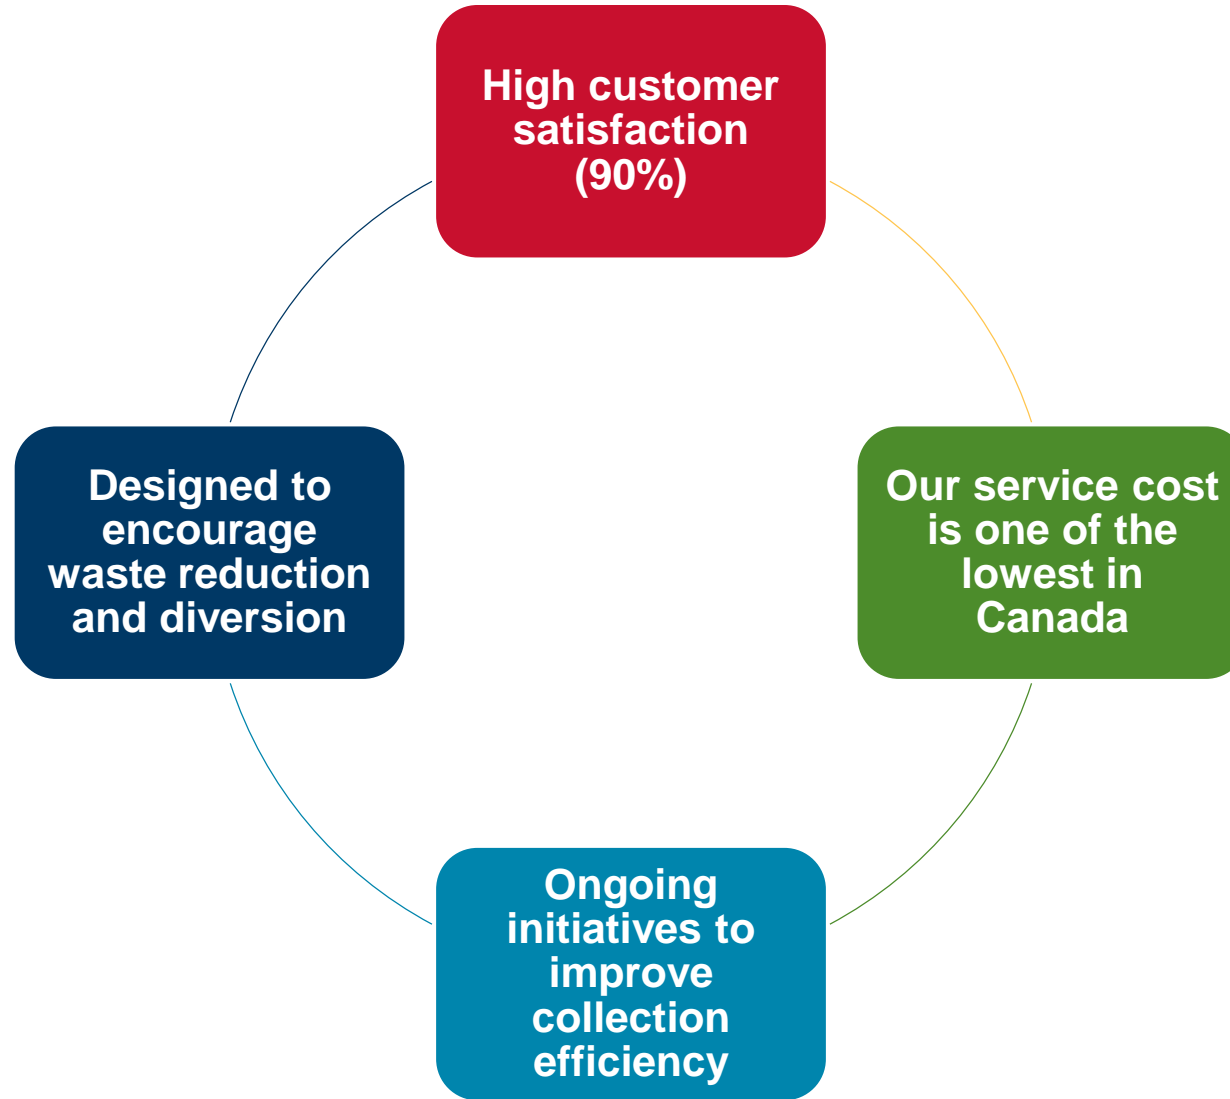

Technology capability is limited and could result in tens of thousands of billing errors monthly

Variable billing may not be required for households to set out less

Single-Family Black Cart Program Strengths

Recommendation

That the Community Development Committee recommends that Council:

- Directs Administration not to proceed with the variable set-out pilot so that it can continue to deliver the Black Cart program at a low cost to all households.
