# The Primary Transit Network

- Includes Ctrain, MAX BRT, and important cross-town routes that connect every ward.
- Fast, frequent, reliable, and connected service.
- 10 minutes or better, at least 15 hours a day, 7 days a week.
- Foundation of the transportation system.
- Key Objective in the Municipal Development Plan and Calgary Transportation Plan.

# Optimizing Calgary's Transit Network

- Customers consistently rank frequency as one of their top transit values.
- A more useful transit system builds ridership.
- Frequency on direct routes creates better connections.
- An integrated transportation network, including On Demand and other innovative solutions, helps fill the coverage gap.
