

Development Permit (DP2022-05398) Summary

A development permit application (DP2022-05398) was submitted by Transept Architecture on 2022 July 29. The development permit application is for a three-unit rowhouse building with three secondary suites. A detached garage with three parking stalls accessed from the rear lane is proposed. Alternative mobility storage space is proposed for each of the secondary suites.

The following excerpts (Figures 1 and 2) from the development permit submission provide an overview of the proposal and are included for informational purposes only. The development permit plans are subject to change through the development permit review. Administration's review of the development permit will determine the ultimate building design and site layout details such as parking, landscaping, and site access.
