ATTACHMENT 3  
LETTER 1

To the City of Calgary, City Clerk:

Please be advised that I object to the re-zoning of 15733 and 15755 from DC to SSPR and DC for the following reasons:

1. There is very little parking at the Shawnessy train station and this area is utilized by so many Calgarians right now who need a place to park and ride at this station.  
Removing this very basic parking area does not support ongoing City of Calgary initiatives that encourage citizens to use public transit.
2. The large field in this area is an area of natural habitat that provides a home for small animals and provides a food source for the falcons and raptors that I have seen perched in this area. There are so little natural habitat areas left in this urban environment. I would ask that it be left in its natural state to support green space initiatives by the City to preserve wilderness.

Respectfully submitted by:
