Please do not approve this bylaw. It will erode the value of every home on this list while enhancing the value of every home in the area that has already been gentrified. The list is overly punitive to crescent heights...this feels more like a crescent heights heritage guideline than a north hill community guideline. There are so few options to build or move into a new home in crescent heights or rosedale today, this bylaw will make things that much more difficult in the future.

Grace Period

Several owners in the area have spent tens of thousands of dollars on developing home designs and are ready to permit, if these guidelines are accepted they should phased in so that there is time to adapt future plans and owners aren't left with useless plans.

Punishment/No Incentive

The guidelines make development more restrictive and therefore discourage buyers from purchasing these properties, this will reduce the value of these properties and make them harder to sell. What compensation is being considered for this? There is no incentive for owners to make their properties more restrictive. While I agree there are some benefits for a city as a whole why should the burden be put on a few owners?

No Rationale on affected areas

No one has provided rationale as to why these areas were picked, yes there are some older houses but there are as well in other neighborhoods. Several blocks away multi-million dollar mansions are being developed even though there are heritage houses in that area. My house is in this area and isn't a heritage house and neither are my neighbors, why should we have to have these restrictions?

RE: Heritage Guidelines (IPC2022-1045 Attachment 2)

As residents of Crescent Heights we are writing to support the submission from the Crescent Heights Community Association (CHCA) Planning Committee and their listed concerns and requests for changes.

Though we support the adoption of Heritage Guidelines as part of the North Hill Communities Local Area Plan we feel very strongly that the images included in the documents presented to Infrastructure and Planning Committee detract from the intent and eventual success of these Guidelines and must be revised.

We refer specifically to the image located at the bottom of page 14, IPC2022-1045 Attachment 2, as well as pages 6 and 7 of the Implementation Guide.

The repeated image of 3 storey infills appear to consistently conflict with the guidelines as written and presented visually in other parts of both the Guidelines, and the engagement material that was shared with the public.

In particular these images contradict the following:

- 7. Flat roofs are strongly discouraged where visible from the street. (page 10 of IPC2022-1045 Attachment 2)
- 8. The primary roofline visible from the street should have a minimum pitch of 6:12. . (page 10 of IPC2022-1045 Attachment 2)
- Front Facades 12. Development should provide a front projection on the main floor that may be covered or enclosed and that comprises at least a third of the width of the front main floor façade for each unit visible from the street. This front projection could include elements such as: a. porches; b. patios; c. verandas; or, d. sunrooms. (page 11 of IPC2022-1045 Attachment 2)
- 13. Front facades should reference the vertical and horizontal pattern of the streetscape, specifically existing heritage assets on the block. Windows, Materials and Details (page 11 of IPC2022-1045 Attachment 2)
- 14. Large uninterrupted floor-to-ceiling windows are discouraged. (page 11 of IPC2022-1045 Attachment 2)

In addition the images further contradict the Heritage Guidelines as posted and dated September 20th, 2022: pages 4 and 5 – Roof Massing, and Front Facades.

For these Heritage Guidelines to be successful, we strongly feel that the images should be changed to reflect the intent of the Guidelines.

Four concerns:

1. Home Value: I'm concerned that the value of my house will go down due to these discretionary restrictions on development. The foundation of my house has been sinking over time resulting in uneven floors and structural damage and the primary value of the home is in the land.
2. Pool of Funds: If this does go through, the amount of money allocated to help individuals fix their homes is too small, even with the increase to \$1.5M. The City sent over 15 back-to-back pages of addresses with approximately 45 address listed on each side - the pool of money (first come, first served, with the home owner taking on 50% of the costs) works out to approximately \$1100 per home owner per year. This would not be sufficient for fixing the structural damage, floors, or knob & tube wiring by any means.
3. Multi-Residential Housing: This initiative appears to go against multi-residential housing which is important for cultivating our urban community - more inner city density leads to more vibrant neighborhoods and I'd like the City to be focused on cultivating our communities versus further restricting them.
4. Parking: Currently there is no parking available on my lot as I do not back onto a lane. These new guidelines restrict indoor parking to ever be available on my lot, nor is there defined parking on the street as well (it is first come, first served). This would also reduce the value of the house, given Calgary can get as cold as -30 degrees which is why many people have interior parking.

5. Discretionary Aspect: I do not like that development plans are approved at the discretion of The City - there should be a better process than this.

From my limited understanding of the City's land use bylaws, I had thought that individuals could apply to have their home identified as a heritage home, rather than this sweeping reform. Given that heritage homes can be massively different in how they've been preserved over the past 100+ years, this seems like a better approach than leaving it to the discretion of a committee.

Hello City Council of Calgary,

I am writing to you to submit my **opposition to the proposed amendments to Land Use Bylaw 1P2007 with regards to the Heritage Guideline policy.**

My arguments surround my lot in particular, as well as the neighbourhood of Capitol Hill.

My Lot:

- My house is a 1959 build and is not considered a heritage property. It already does not follow most of the design elements laid out in the Heritage Guideline Area policies. I feel it does not make sense to be held to those standards when rebuilding
- When I rebuild, these changes will cause an additional burden to the process in time and therefore money.

Capitol Hill:

- The area should not be considered a heritage area as it has already developed past that point and requiring homes to fit a certain aesthetic doesn't make sense anymore.
 - o Only 2 half blocks were chosen for this amendment
 - o My side of the street is less than 50% pre 1945 homes.
 - o The other side of the street which contributes to the aesthetic of the block is 100% 1990 and newer and 85% 2000 and newer.
 - o The block on the other side of the alley is 100% newer than 1945 and 75% 2000 and newer.
- The area will constantly be developed as it is near SAIT with revitalization around 16th Ave., 20th Ave and 10th St. Homes requiring Heritage Guideline design elements will be (if not already) far outweighed by a new design to the area making it unnecessary and potentially even detrimental to require these policies.

In closing, the Capitol Hill area should not be subjected to the amendments proposed to the Land Use Bylaw 1P2007 as the area already has and will continue to have a different design aesthetic to the one laid out in the Heritage Guideline policies. Please consider my above arguments when finalizing your decisions.

The need for these amendments is pressing. At this moment a Contextual Semi-Detached Dwelling is being constructed on 7 Ave NE immediately adjacent to my house and property. Furthermore, a circular has been distributed by a developer explaining their desire to change the zoning of the lot at 201 7 Ave NE to allow for a Rowhouse Building; such a building recently was constructed on the 2 Street corner block on 7 Avenue. My concern is that there will be no heritage homes remaining by the time the Guidelines have any force. At the moment, the future I see is being squished between tall duplexes until I decide to give up and sell to a developer. While I am in favour of densification, I urge that more careful planning be done to maintain the ambiance of our neighbourhood.

Dear City Council

Nov 28/2022

Regarding Changes to Bylaw 1P2007 Council Session Dec 6 9:30AM

Along with the Crescent Heights Community Associations planning committee I am asking for Schedule C to be removed, and that development applications in Heritage Guideline Areas be monitored and reviewed in two years to ensure they are effective.

I support the wording of the heritage guidelines and the land use bylaw amendments, which will ensure all new development applications in heritage guideline areas will be “discretionary” as opposed to “contextual”. Discretionary means they will be publicly posted, and the residents and Planning Committee can comment, and we can appeal the final decision. Contextual dwellings cannot be refused by The City or appealed by the public, so long as the design meets the contextual rules in the Land Use Bylaw.

The illustrations in Schedule C of the Heritage Guidelines and related illustrations in the Implementation Guide do not reflect the wording or intent of the guidelines. So Please remove the offending Schedule C and we can all move forward on this.

Thanks Rob Ward

Along with the Crescent Heights Community Associations planning committee I am asking for Appendix C to be removed, and that development applications in Heritage Guideline Areas be monitored and reviewed in two years to ensure they are effective. I support the wording of the heritage guidelines and the land use bylaw amendments, which will ensure all new development applications in heritage guideline areas will be "discretionary" as opposed to "contextual". Discretionary means they will be publicly posted, and the residents and Planning Committee can comment, and we can appeal the final decision. Contextual dwellings cannot be refused by The City or appealed by the public, so long as the design meets the contextual rules in the Land Use Bylaw. The illustrations in Appendix C of the Heritage Guidelines and related illustrations in the Implementation Guide do not reflect the wording or intent of the guidelines. So Please remove the offending Appendix C and we can all move forward on this.

Thanks Rob Ward

RESPONSE TO THE CITY'S PROPOSED CHANGES TO LAND USE BYLAW IP 2007.

Prepared and submitted by

M. R. Betz

Owner of Heritage Home at

720 First St. NW

Calgary, AB T2M 2R6

November 28, 2022

Thank you for the information on proposed amendments to Land Use Bylaw IP2007. We support this initiative which is to lead to the eventual implementation of the Heritage Guideline to "... ensure that the new homes built in heritage-rich areas of the North Hill Communities are sensitive to the historic context and respect existing heritage assets".

We are fully in support of this endeavor and trust this is but a first step to recognize and respect, even protect heritage assets on the North Hill. As far as we are concerned, the guidelines will have to be amended and refined over time as the proposed guidelines are implemented. Let us give an example of our own home.

We own 720 First St. NW in Crescent Height (listed on page 2 of the provided inventory). This home was constructed between 1899 and 1902 in what was then the Municipal Village of Crescent Heights under Territorial Government, before Alberta became a Province. This home is variously referred to as the "Giesbrecht House" (referencing the builder and first owner) or Lincoln Corner (referencing the original street names in the area). Our home has a sandstone foundation and the drains are above grade. The house is balloon framed and has many of its original components. Imagine, lumber had to be ferried across the Bow River and then dragged up the hill by horse teams.

The information received by mail on November 25, 2022 is commendable as it appears a compilation of historic/heritage homes on the North Hill. The 30 pages itemizing the "List of Parcels subject to Heritage Guidelines..." with a map showing a legend explaining "Parcels within Heritage Guideline Areas" and "Heritage Guideline Areas". In other words, it shows historic properties with a delineating line around them. There is no reference to the edges of those areas and there are omissions due to the orientation of the homes.

For instance, our home at **720 First St. NW is the oldest home in the area on a corner lot. Because it fronts onto First St. NW we had to insist that the house be included in the list.** It is on the corner of 7th Avenue NW and First St. NW and was not considered part of the 100 block of 7th Avenue NW. Similarly, there are at least two more properties in this area that are not included in the inventory and should be considered. These homes are also on corners and missed out on being included.

The guidelines need to be refined and the extensive list somehow prioritized according to building sensitivity and criteria. Our own home has a rubble sandstone foundation/ basement. It will require different contextual considerations than a home with a solid concrete foundation. The Sandstone foundation needs to be re-pointed periodically to ensure its integrity. In spite of this, extremely heavy equipment going by or excavations in the vicinity causes vibrations which loosen the mortar joining the sandstone. In other words, excavations in close proximity need to be considered when development is reviewed and evaluated. The edges shown around the Heritage Guideline Areas need to be refined to truly protect heritage assets.

The cover letter from the City mentions "contextual". Without explanation or some operational description we are unable to respond to "contextual" other than to re-iterate that context and edges are critical in evaluating development proposals in special areas such as heritage areas.

There is no priority assigned to the list of historic houses. We suggest that over time these homes be the valued in terms of age, condition and so on. Without information regarding the priority assigned to these sites, we are unable to respond to the received swath of papers in any thorough and thoughtful way.

May we suggest that the City and its Planning Dept. analyze the review process and possibly give the Heritage Authority the ability to review and recommend. There is no reference as to how these guidelines will be operationalized.

Coming back to our c.1900 home, which is shown on the edge of a Heritage Guideline Area, how will fragility of historic homes be considered this when development is reviewed?

In summary we support any effort that may lead to the recognition, consideration, perhaps even protection of our important heritage assets.

The House at Lincoln Corner

By Professor Z

This stately two-and-a-half storey balloon-framed, cedar-sided house can be found on the southeast corner of 7th Avenue and 1st Street SW. It dates back to 1903, which makes it the oldest-known house in Crescent Heights. The home was once known as Lincoln Corner, a reference to the 1910 sidewalk stamp "Lincoln Avenue," which - although misspelled - can still be seen out front on the corner. On the houses' title is a 1904 building restriction prohibiting the operation of "bawdy" houses and "public" houses on the site, which the current owner has left on title as a quaint reminder of times passed. In this article, we'll spend a bit of time looking at the history of the old house. But the story of one of its residents is possibly more intriguing.

Before WW1, property developer John Steinbrecher and his family lived here. John was a prominent Calgarian who had founded the German-American Colonization Company in 1906, with the stated intent of bringing Germans from the USA to Canada. One of Steinbrecher's plans was to establish new Calgary subdivisions for "Germans moving out of Bridgehead and Riverside." These new areas included Balmoral, Avondale, Belfast, La Grange, Highland Park, and Pullman, some of which only ever existed on paper.

The attached 1913 map includes some of the subdivisions planned by Steinbrecher's company. His palatial La Grange residence would today stand in the northwest community of Highwood, and a promo for the company - including an artist's conceptual view of his house - appeared in

a 1911 "booster" publication called "Calgary, Sunny Alberta." One of the company's certain accomplishments though, was the construction of a 110 foot-wide boulevard running west of fourth Street NW, which appears as "Grand Boulevard" on the Highland Park subdivision map. The plan was to eventually extend the road

all the way east to the Nose Creek valley. A 1924 airphoto of Calgary - also attached - includes the remnants of the roadway between fourth Street NW and 14th Street NW, at 43rd Avenue. As late as the early 1950s, evidence of it could still be seen on airphotos.

When the census-taker came to call in 1911, John Steinbrecher, his wife Rose, and their five children all lived at Lincoln Corner. John's oldest son Arthur (32) assisted him with sales, while daughters Minnie (21) and Sarah (19) were stenos for the firm. Sadly for the family, the onset of WW1 spelled an end to their dreams of prosperity in Calgary.

Following the family's departure from their Seventh Avenue home, William Nettleton - an assistant manager at Birks - lived in the property until 1926. By 1931, Mrs. Eva McDonald moved in. Eva operated the Crescent Road Miniature Golf Club at the time. But by 1950, the old house had become a triplex and then, a boarding house. Finally, the oversized lot was subdivided to allow for the construction of a bungalow on the southern half (an early example of a laneway house, I suppose). Recent years have seen the house substantially renovated by its heritage-conscious owner, who has converted it back to a single-family dwelling. We're crossing our fingers that this house won't some day be demolished and the lot "improved," as has been the fate of so many similar homes on view lots in the area.

For anyone interested in learning more about the history and restoration of 720 1st Street NW - as related by its owner - its story can be accessed on-line via the Calgary Public Library's special collection of 2013 Calgary Century Homes.

IMC 8062

Potential changes to the Land Use Bylaw related to your property

Why did I receive this letter?

The City is proposing amendments to Land Use Bylaw 1P2007 to support implementation of Heritage Guideline Area policies.

You are receiving this letter because our records show that you own a property that is either located within or adjacent to an identified Heritage Guideline Area. You are hereby advised that City Council will hold a Public Hearing in Council Chamber, Calgary Municipal Building 800 Macleod Trail S.E., at the Combined Meeting of Council on Tuesday, December 6, 2022, which commences at 9:30 a.m.

The precise timing of Council's consideration of this item is not certain as Council will confirm the order of the agenda near the beginning of the meeting. Please also note that if the item has not been completed by 9:30 p.m., Council may reconvene at 1:00 p.m. on the next business day, or as otherwise directed by Council.

What are the proposed changes to the Land Use Bylaw?

The amendments propose changing the General Rules for Low Density Residential Land Use Districts (Part 5, Division 1 of the Land Use Bylaw) so that Contextual Single Detached Dwelling, Contextual Semi-detached Dwelling, and permitted use Rowhouse Building are not allowed in a Heritage Guideline Area identified on a Heritage Guideline Area Map in the Land Use Bylaw. Discretionary uses including Single Detached Dwelling, Semi-detached Dwelling, and Rowhouse Building will still be allowable in existing land use districts that list those uses. The amendments also include adding new Heritage Guideline Area Maps to the Land Use Bylaw within the communities of Capitol Hill, Crescent Heights, Mount Pleasant, Renfrew, Rosedale and Tuxedo Park.

For information about the proposed changes and the North Hill Communities Heritage Guidelines please visit: calgary.ca/nhcheritageguidelines.

Can I review these changes in more detail?

The proposed bylaws and documents relating to these items are available for electronic inspection on The City of Calgary website: Calgary.ca/PlanningMatters. The information available on the website is not provided as an official record but is made available online as a public service for the public's convenience. If you wish to inspect the proposed bylaws and documents relating to these items in another manner, please contact the City Clerk's Legislative Coordinator at PublicSubmissions@Calgary.ca or by phone at 403-268-5861.

Can I submit my comments to City Council?

Persons wishing to submit comments or file a petition concerning these matters may do so electronically or by paper, and include the name of the writer, mailing address, electronic address (as applicable) and must focus on the application and its planning merits. Submissions with defamatory content and/or offensive language will be filed by the City Clerk and not published in the Council Agenda or shared with Members of Council. Only those submissions received by the City Clerk not later than 12:00 p.m. (noon), Tuesday, November 29, 2022, shall be included in the Agenda of Council. Submissions must be addressed to Office of the City Clerk, The City of Calgary 700 Macleod Trail S.E. P.O. Box 2100, Postal Station 'M' Calgary, Alberta T2P 2M5.

Submissions may be hand delivered, mailed, faxed to 403-268-2362, or submitted online at Calgary.ca/PublicSubmissions.

The personal information in submissions made is collected under the authority of the Alberta Freedom of Information and Protection of Privacy Act, Section 33(c) for the purpose of public participation in land use decision making. Submissions meeting criteria will be included in the public meeting Council Agenda as received. The personal information included in the submission will be publicly available, in accordance with Section 40(1) of the FOIP Act. If you have any questions regarding the collection of this information please contact 311 for the FOIP Program Administrator, Planning & Development Department, IMC#8115, P.O. Box 2100, Stn "M", Calgary, AB T2P 2M5.

What if I submit my comments late?

Late submissions will not be accepted in the City Clerk's Office.

How will my comments/submission be used?

Submissions received by the published deadline will be included in the Council Agenda and distributed to Members of Council for their consideration when addressing the issue before them.

Can I address City Council?

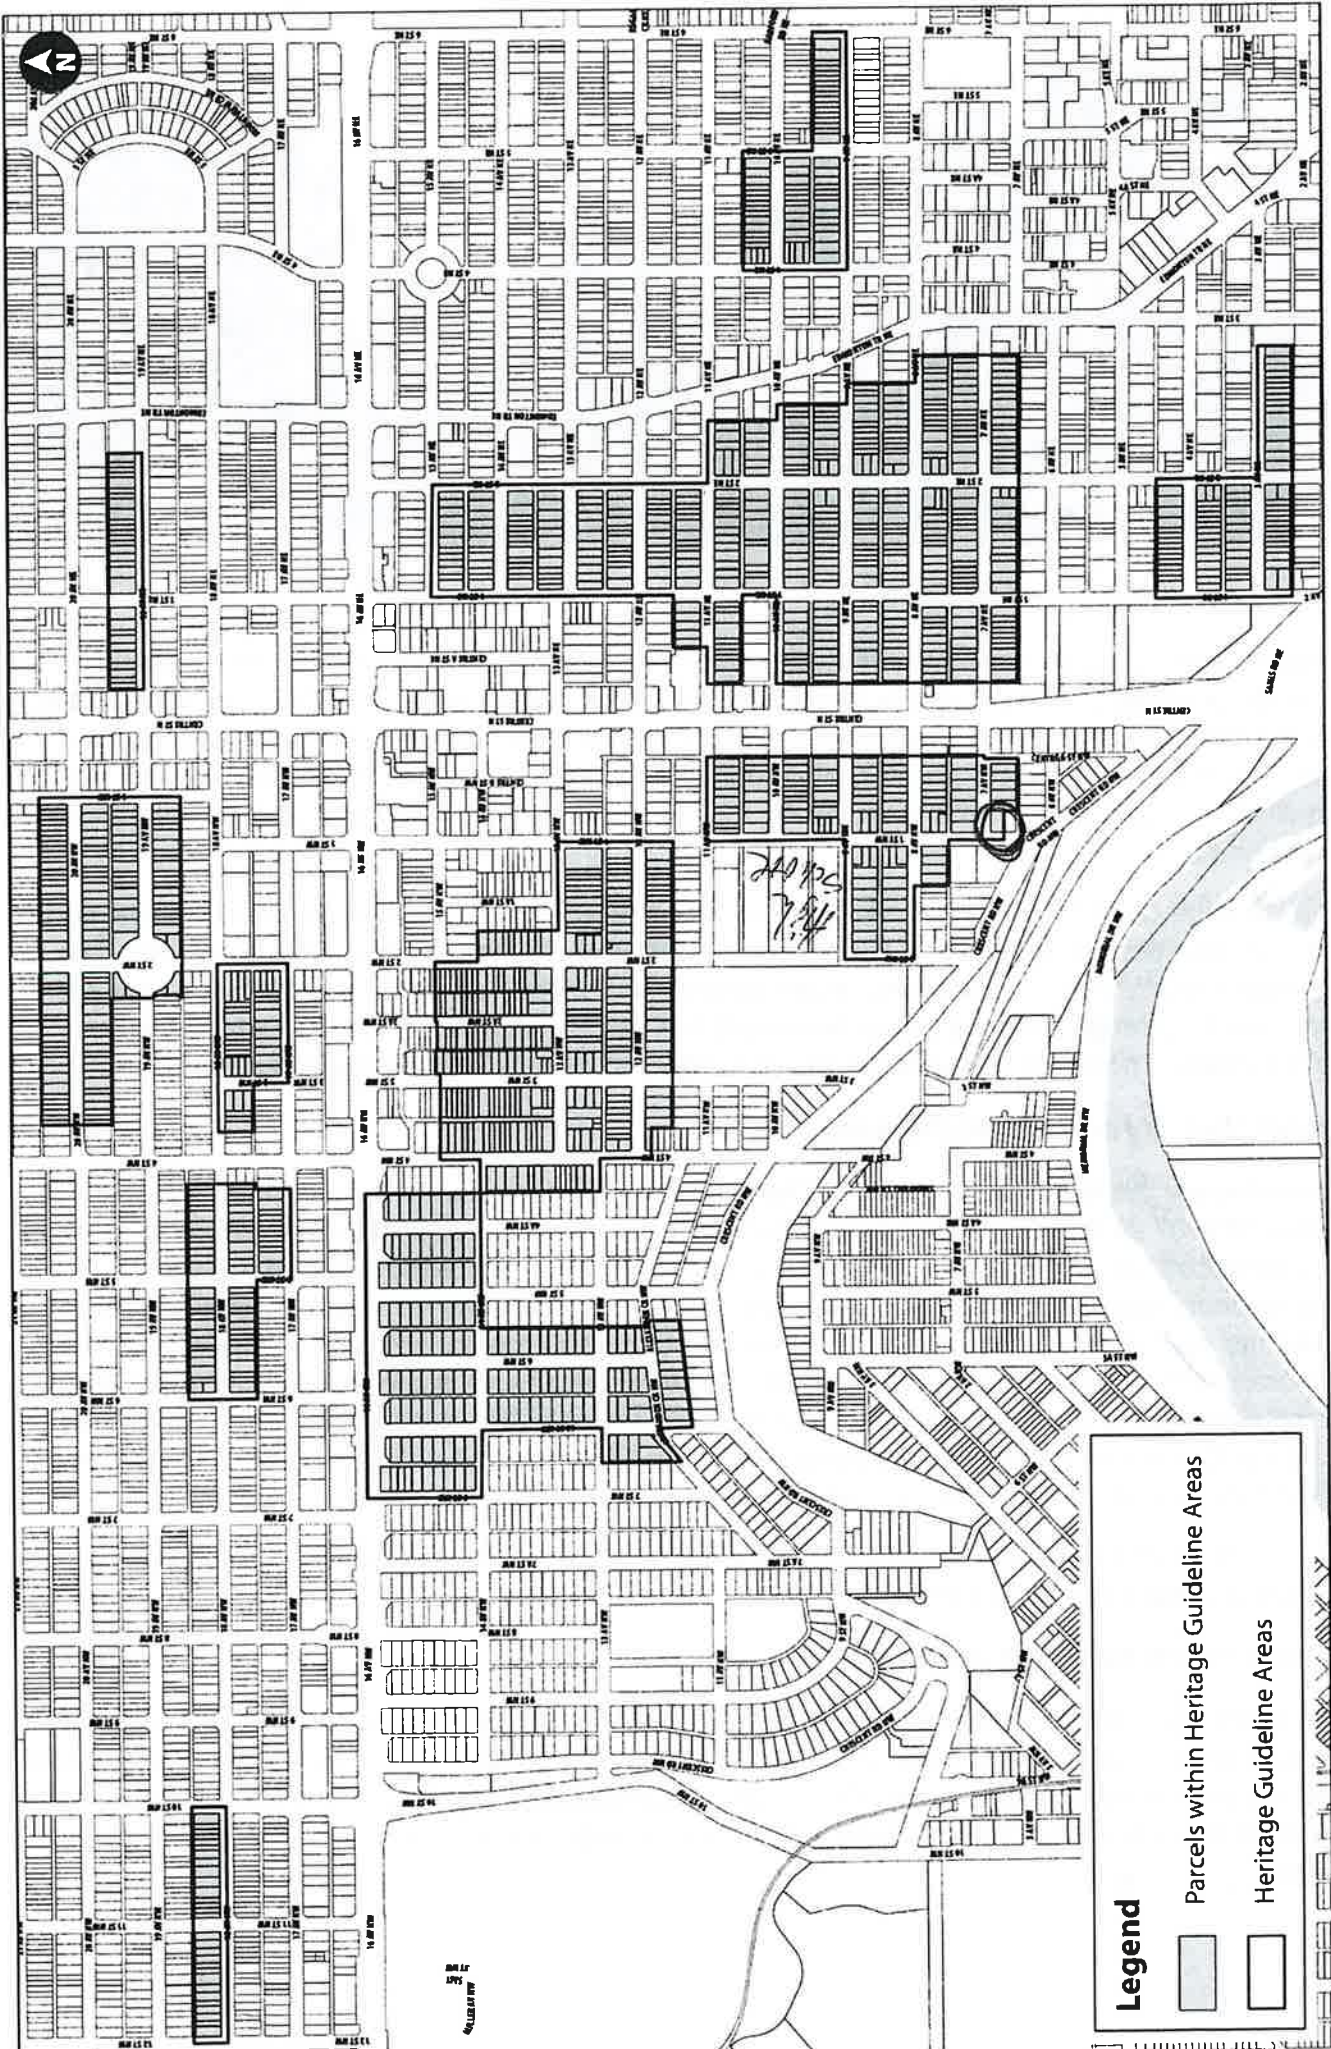

Yes, any person who wishes to address Council on any matter mentioned in this letter may do so for a period FIVE MINUTES. The five (5) minutes shall be exclusive of any time required to answer questions. Persons addressing Council shall limit their comments to the matter contained in the report and the recommendations being discussed. To register to speak or for further information, contact the City Clerk's Office electronically at Calgary.ca/PublicSubmissions, or by phone at 403-268-5861.

Can I distribute additional material at the meeting?

Anyone wishing to distribute additional material at the meeting shall supply the City Clerk's Office with an electronic copy online at: Calgary.ca/PublicSubmissions, or a paper copy at the meeting. It should be noted that such additional material will require approval of the Mayor before distribution to Members of Council. Personal information provided in submissions relating to matters before Council or Council Committees is collected under the authority of Bylaw 35M2017, Section 33(c) of the Freedom of Information and Protection of Privacy (FOIP) Act of Alberta, and/or the Municipal Government Act (MGA) Section 230 and 636, for the purpose of receiving public participation in municipal decision-making. Your name and comments will be made publicly available in the Council agenda. If you have questions regarding the collection and use of your personal information, please contact the City Clerk's Legislative Coordinator at PublicSubmissions@calgary.ca, or by phone at 403-268-5861.

Katarzyna Martin, CITY CLERK

The uses and rules that apply to different land use designations are found in the Land Use Bylaw 1P2007 www.calgary.ca/landusebylaw except those for the DC District which are available from Planning & Development. Please direct questions with regard to the matters mentioned herein to 403-268-5311.

What are Heritage Guidelines?

Since November 2021, we have been working with area residents, community associations, heritage advocates, home builders and developers to create Heritage Guidelines for areas in the North Hill Communities with concentrations of heritage assets, sometimes known as character homes. Heritage assets are privately-owned structures, typically constructed prior to 1945, that significantly retain their original form, scale, massing, window/door pattern and architectural details or materials.

The Heritage Guidelines will help ensure that new houses built in heritage-rich areas of the North Hill Communities are sensitive to the historic context and respect existing heritage assets. The Heritage Guidelines will be included as an amendment to the North Hill Communities Local Area Plan, the long-range planning policy document that guides growth and change within these communities. These will be the first areas in Calgary to benefit from Heritage Guidelines.

Land Use Bylaw amendments

To implement the Heritage Guidelines, The City is also bringing forward amendments to Land Use Bylaw 1P2007 so that Contextual Single Detached Dwelling, Contextual Semi-detached Dwelling, and permitted use Rowhouse Building are not allowed in the Heritage Guideline Areas. Discretionary uses such as Single Detached Dwelling, Semi-detached Dwelling, and Rowhouse Buildings are still allowed where the existing land use district list those uses. Discretionary uses are uses within each district of the Land Use Bylaw which can be approved, subject to conditions, at the discretion of the Development Authority. The amendments will enable implementation of the Heritage Guidelines through the Development Permit process and will apply to new homes and significant exterior renovations such as additions within these areas.

You are receiving this letter as your home is either located within or adjacent to a Heritage Guideline Area identified on the attached map.

Learn more and get involved

The North Hill Communities Heritage Guidelines and associated amendments to Land Use Bylaw 1P2007 will be presented to Council on December 6, 2022. At that time, Council will hold a public hearing prior to making a decision. Visit calgary.ca/nhcheritageguidelines to learn more about the Heritage Guidelines. Object: North Hill communities heritage Guidelines affecting on our property.

We received a letter regarding the north Hill communities heritage guidelines recently. we are extremely worried with the content and the damage that the heritages guidelines may cause to our property which is already affected by Enmax restrictions. We were about to file our plan and it all fell apart.

Our property located on 1311 3 ST NW is our investment for life. We chose this house to accommodate my wife low vision handicap and for her incapacity to drive. We rented the house for around 7 years and we bought it when it was for sale 6 years ago.

Before the purchase, we knew the property needs renovation, it has 37.5 ft wide. We contacted Enmax regarding the power line passing near this property. We purchased the property because even with Enmax clearance, we still have the option to add a third level to compensate the space lost on the second level (Same idea as the house facing our parcel:1312 3 ST NW Calgary).

After the purchase, we started to save money by working hard and depriving sometimes even our health. All members of the family contributed to design our dream house. we put all our hearts, efforts and We spent lot of time to collect ideas and adapt them to our dream house. We also contacted the city building permit department many times regarding building code. During this process, each of our 3 kids has already chosen his room. At the end of the tunnel, we heart about this project which maybe destroying our dream.

My parcel is RC2. It has only 37.5 ft Wide. To measure the specificity of our parcel, in case of a partial damage on our actual house, we can't even renovate to existing because of Enmax restrictions . We fill, in case of redevelopment, the combination of Enmax restrictions and the heritage guidelines may have a negative impact on our parcel particularity if we can't add a third level. With out a third level, we can't have enough rooms to fit our family.

We called many times the city to get the exact impact on our parcel, we still didn't get the answer.

In conclusion, because of the specific conditions of our parcel, we are requesting your help to exempt our parcel from the heritage guidelines or by making the necessary corrections.

Thank you

Re: Crescent Heights Heritage Guidelines

I am writing to express my concern regarding amendments to the Land Use Bylaws 1P2007 affecting Crescent Heights Community. My concern is the arbitrary designation of homes being subset into "Heritage Guideline Areas" and by "re-zoning" those homes with 'preferred character' out of the Bylaws is inequitable. Bylaws should apply equally to all within a neighbourhood.

Although I support Heritage guidelines and encourage 'character' architecture in these communities, I feel it is inequitable to penalize those of us who have invested into the character of this community by adding/forcing "discretionary" elements and process that will add time to the permitting process and in many ways add cost in time, materials, finishes, space and other costs. Bylaws should be applied equally to all members of the community, not just those that currently have heritage 'looking' homes....or happen to own one in these areas.

If the City wants to encourage Heritage Guidelines, I would prefer that they incent design elements through reduced property tax rates for old and new homes that could apply for that support.

I was born and raised in an 'inner city' community of Calgary and moved into the community of Crescent Heights in 2000. I currently own two homes situated on 4 ½ lots at the corner of 2a and 13 Ave NW (in the middle of the NW quadrant being designate to follow these guidelines). I bought one property in 2003 and added the adjacent property in 2018 based upon its long-term potential for redevelopment. One house I redeveloped in 2016. The other was 'cleaned up' for a rental property until I can generate funds to develop a more effective and better use concept

I am invested and impacted by these Guidelines, Bylaws and the permitting processes for this area. I invested into this area enjoying the character and the value of higher density living in the inner city.

I hope the City Council will reject the proposed changes to the Bylaws that would allow City bureaucrats to arbitrarily influence design that they prefer and leave the design of homes to the market and community.

Sincerely,

Tim Edwards

Please consider how this bylaw will negatively affect the designated home owners, communities, and the city as a whole. The growth and development of this vibrant city will be lost to the 1945 era.

Additional Comments and Questions:

1. Why are Heritage Guidelines applies to only North hill Communities? Also why are homes constructed prior to 1945 targeted in comparison to other homes built in historic communities (ie: Sunny Side, Hill Hurst, Inglewood, Bridgeland) are unaffected?
2. There are heritage homes located all across the city, why does the Heritage Guidelines target areas only in the NW and not in other quadrants of the city?
3. How were homes being selected as part of the Heritage Guidelines and based what criteria? My home does not conform to the Heritage guidelines as it was rebuilt and completed in 2021 located in Mount Pleasant. How and why is my home still considered a "Heritage Home"?
4. The homes all along the "Crescent Road NW" are unaffected and these homes were built prior to 1945. Why are these houses exempt from the "Heritage Guidelines"?
5. With adherence to the Heritage Guidelines within the North Hill Communities, how will it promote growth and revitalization within the city (short and long term)? If anything the homes selected to be part of this new 'bylaw' will be singled out and would deter potential home buyers and builders interest to buy and rebuild based on constrictive guidelines.

In general I support changes to the bylaw to support implementation of Heritage Guidelines, in this case to the North Hill Communities Local Area Plan. I support changes that will help to maintain the look, feel and history of my heritage community of Crescent Heights. My lot is included in the list of parcels subject to the Heritage Guidelines Area Land Use Bylaw, and I only wish these change were made a couple of years ago to save the heritage home next door and prevent the current development which is a 3-storey townhouse that does not improve upon the look and feel of the street.

I do wish the guidelines went a bit further, and used "must" or "should" more frequently, or completely replaced the "encouraged" statements. In my experience working for a regulatory body, encouragement does little to change behaviour, and only requirements achieve the desired outcome.

I also object to the images in Schedule C. In my opinion, they do not represent the Heritage Guidelines working group's intention as described in the text of the document.

I support the use of "discretionary" rather than "contextual" for development applications, and hope this will discourage developers from changing the overall look and feel of the neighbourhood, as has been done to date.

I would like to see a review period added to the document, indicating the guidelines will be reviewed at some set frequency to ensure they are achieving the desired result.

To City Council:

My name is Isabelle Jankovic. I am writing on behalf of the Crescent Heights Community Association (CHCA) Planning Committee and I was a member of the Heritage Guidelines working committee. First, I would like to thank Troy Gonzalez and Ian Harper and their team for all the work that they have done over the past few years. This is the first heritage guideline document for Calgary and it has taken a lot of work to get to where we are today. Over the past two years the heritage planners have been reviewing discretionary development applications in the heritage guideline areas and working with developers resulting in developments that better fit the streetscape and the intent of the proposed guidelines.

The CHCA Planning Committee considers these guidelines to be the strongest support for conserving our heritage community that we have had for many years. Except for Guidelines 9 and 11, we support the wording of the heritage guidelines and the land use bylaw amendments which will ensure all new development in heritage guideline areas will be discretionary development permits.

Currently there are two versions of the proposed Heritage Guidelines. Excerpts from website version posted on 20 Sept 2022 are shown in Figures 3-5. The full version is found at <https://engage.calgary.ca/NHCheritageguidelines>. The website version was the one the public viewed and commented on. Our only issue with the illustrations is that there are no three storey developments. In the IPC2022-1045 version that will replace Section 2.6.2 of the North Hills Communities Local Area Plan (NHCLAP), the wording of the numbered guidelines is the same but the illustrations have been replaced by Schedule C. According to Troy Gonzalez, the illustrations were changed so that they were similar in style as those in the NHCLAP.

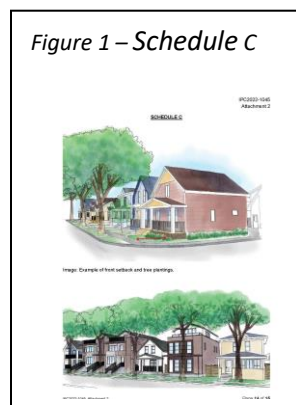

Figure 1A Enlarged Streetscape from Schedule C

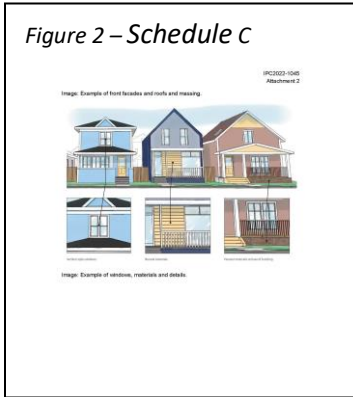

We do not support the illustrations in Schedule C (Figures 1 & 2) or the related illustrations on pages 4, 6 and 7 of the Implementation Guide (Figures 6-8). Our major concern is that developers, City planners and other users will focus in on these two new developments shown at the bottom of Figure 1 and Figure 1A as an acceptable interpretation of the guidelines.

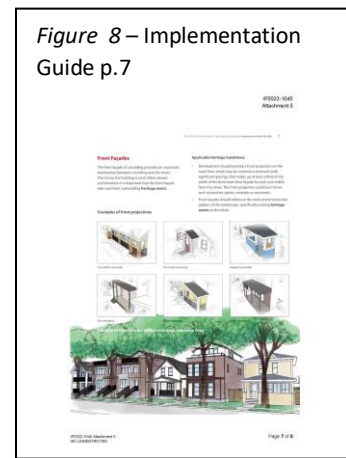

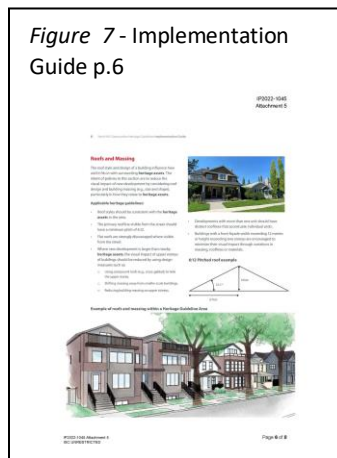

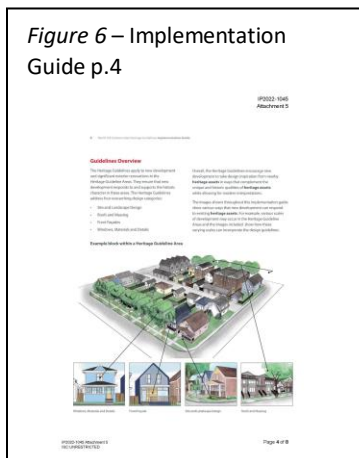

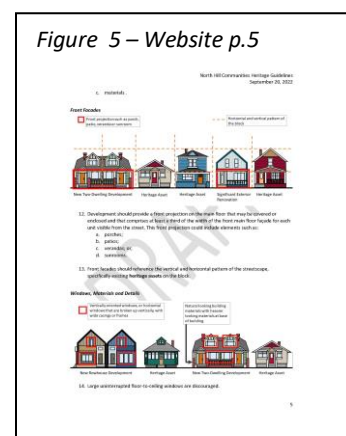

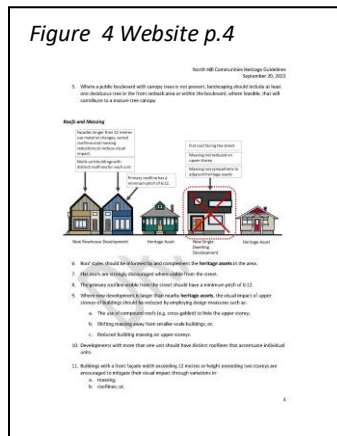

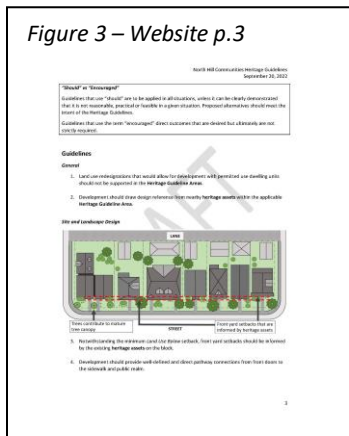

The two new developments in Figure 1A are multi family and single family. Overall, the heaviness of the two developments overwhelms the heritage assets and do not reflect the rhythm of the streetscape which is the intent of the guidelines. Both new developments are similar in style: three storeys with the third storey set back, front third floor balconies, heavy looking finishes on

the first and second storeys with a change of finishes on the third storey. From the street, the most prominent roof line is at the second storey which is a flat horizontal line. The pitched roof on the third storey is set back so it becomes secondary. This is the same principal used on commercial buildings to hide mechanical equipment on top of the building.

If the illustration in Figure 1A is an interpretation of the heritage guidelines for larger developments, then the wording is not strong enough. Guidelines 9 and 11 both offer 3 options and developments only need to comply with one option when all three options are required. Both developments are better suited to locations outside the heritage guideline areas.

In the other two illustrations in Schedule C, it is hard to discern if these are new developments or heritage assets. They are also in the Implementation Guide (Figure 6). In the website version (top of Figure 5), these three developments are also included and clearly identified as a heritage assets with a major renovation in the centre. It has never been the intent of the Heritage Guidelines that new developments copy or replicate heritage assets. The CHCA Planning Committee has always encouraged new and innovative design that fits the streetscape. We have many fine examples in the community of new developments with a contemporary look that reflect and respect the heritage character of our community.

We feel **very strongly** that any illustration or photograph in the Heritage Guidelines and the Implementation Guide clearly support the words. They are not just pretty pictures and people use the illustrations in planning documents to support their applications.

These guidelines were developed specifically for the North Hill Communities. The NHCLAP Heritage Guidelines are the first and will become the blueprint and set a precedent for future heritage guidelines as new Local Area Plans are developed. It is important to get this one right.

We do not want to delay passing the heritage guidelines and land use bylaw amendments for the sake of a few illustrations. Therefore, we propose three changes:

1. We propose an amendment that Schedule C be removed and replaced by more appropriate illustrations by a future date determined today by Council and Administration.
2. In Guideline Sentences 9b and 11b, we propose changing “or” at the end of both sentences to “and”.

9. Where new development is larger than nearby **heritage assets**, the visual impact of upper storeys of buildings should be reduced by employing design measures such as:

- a. The use of compound roofs (e.g., cross-gabled) to hide the upper storey;
- b. Shifting massing away from smaller-scale buildings; ~~or~~, **and**
- c. Reduced building massing on upper storeys.

11. Buildings with a front façade width exceeding 12 metres or a height exceeding two storeys are encouraged to mitigate their visual impact through variations in:

- a. massing;
- b. rooflines; ~~or~~, **and**
- c. materials.

3. To ensure that the Heritage Guidelines are working as intended, we propose that all development permit applications in the heritage guideline areas to be reviewed and monitored for the next 2 years and Administration to report back to the communities and Council in Q1 of 2025 with a report and recommendations for any amendments required. Depending on when the new residential land use bylaws are introduced and passed, this should allow enough time to assess how they will affect new developments in heritage guideline areas.

Thank you for your time.
