**INVESTIGATION: ALTERNATIVES AND ANALYSIS**

The nextCITY Advisory Committee discussed the process through which the ARP was considered. The topics of discussion included:

1. An economic study that was completed following Calgary Planning Commission's (CPC) consideration of the proposed ARP to address some of the concerns raised by CPC ;
2. The degree to which ARP's should be "aspirational" versus pragmatic; and
3. Highlighting that the land use amendment applications are separate items and can be considered by Council without the Area Redevelopment Plan being approved

Now that this discussion has taken place, the items can now be considered by Council.
