## Background – Downtown Strategy

The Downtown Calgary Development Incentive Program (the Program) was established in 2021 April by Council in report *C2021-0524 Realizing Calgary's Greater Downtown Plan: Initial Investments and Incentives* - with an initial investment of \$45 million to fund the Program. The approved report was presented in conjunction with report *PUD2021-0220 Calgary's Greater Downtown Plan: Roadmap to Reinvention* - that detailed the 10-year implementation plan.

The Program's purpose is to provide financial incentives to assist with the removal of approximately six million square feet of office space in the Greater Downtown Plan Area over the next 10 years (2021 to 2031). The removal of vacant office space can be achieved through conversion to residential or other adaptive uses, or through potential demolition and rebuild of non-office space.

The overall goals of the Program are to increase overall economic activity in the Greater Downtown Plan Area by:

- Removing office space from the Greater Downtown Plan Area – with a priority area of the Downtown Core;
- Increasing downtown residential dwelling units to improve vibrancy; and,
- Reducing the downtown office vacancy rate and supporting property values and the non-residential property tax assessment base.

Since program adoption Council has committed a total of \$153 Million to the Incentive Program, and \$9 million towards incenting post-secondary institutions to locate in the downtown through the conversion of office space.
