**HIGHLIGHTS**

- This application seeks to redesignate the subject site to allow for a courtyard-style development in a semi-detached building form that also includes secondary suites.

**DISCUSSION**

This application, in the southwest community of Shaganappi, was submitted by CivicWorks on behalf of DGSJ Holdings LTD. on 2022 May 05. The original submission was to change the land use to a Direct Control (DC) District based on the Residential – Grade-Oriented Infill (R-CG) District. However, following Council's decision to approve the incorporation of the new Housing – Grade Oriented (H-GO) District into Land Use Bylaw 1P2007 on 2022 October 05, the applicant chose to amend the application to seek the H-GO District. The H-GO District can only be approved by Council after 2023 January 02, which is when the amendments and the new district come into effect.

The approximately 0.07 hectare (0.17 acre) site is a mid-block parcel located on the south side of 12 Avenue SW and Bow Trail SW, just east of 31 Street SW and is approximately 300 metres

(a four-minute walk) from the Westbrook LRT Station. The proposed H-GO District would allow for two grade-oriented residential buildings of low height and low density that share a common courtyard-style amenity space. The intent of the application is to allow for a courtyard-style development with four dwelling units and four secondary suites, as identified in the Applicant Submission (Attachment 2).

A development permit application (DP2022-03587) was submitted on 2022 May 25 and is currently under review (Attachment 3). The application proposes two semi-detached buildings for a total of four units, plus four secondary suites, that share a common amenity area. One semi-detached building faces 12 Avenue SW and the second semi-detached building is located closer to the rear of the property. Four vehicle parking stalls are proposed to be provided from the lane.

A detailed planning evaluation of the application, including location maps and site context, is provided in the Background and Planning Evaluation (Attachment 1).
