PINERIDGE BYLAW 106D2014

I object to the redesignation of 1727 61 Street NE to R-C1s, on the basis of insufficient parking. The current residents already park 2, sometimes 3 vehicles on the street in front of their place, and the tenant that was there July-August, parked in front of my place 100% of the time, despite my request to not park there. I do not mind people parking in front of my place if they are an occasional visitor to a neighbour, but I don't think it is fair for it to be a permanent situation, forcing anyone visiting my place to park in front of someone else's place.

Thank you

Wayne & Marlyne Johnson
1728 61 Street NE.
