re: Bylaw75D2018 - 4720 Benson Rd NW

The City sign currently posted outside this house says “to redesignate to allow a basement suite **AND A BACKYARD OR GARAGE SUITE**”. Does this mean that the house could have a **TOTAL OF THREE SEPARATE RESIDENCES?** If so, I am totally opposed. That is far too many people and vehicles in one location. There are already three vehicles in front of the home.

I could see adding a basement suite, but nothing by way of a backyard or garage suite. And certainly **not both**. As a point of interest, there is currently no garage, so there would need to be a development permit should the owner decide to build a garage.

Thank you for considering my input.
