EXECUTIVE SUMMARY

This land use amendment application seeks to redesignate a single residential parcel from a Residential – Contextual One Dwelling (R-C1) District to a Residential – Contextual One Dwelling (R-C1s) District to allow for either a Secondary Suite or a Backyard Suite as an additional use. The site contains an existing single detached dwelling. To Administration’s knowledge there is not an existing suite located on the parcel and the application was not submitted as a result of a complaint.

PREVIOUS COUNCIL DIRECTION

On 2013 September 16, Council directed Administration to remove fees associated with land use amendment and development permit applications for secondary suites to encourage the development of legal and safe secondary suites throughout the city.

ADMINISTRATION RECOMMENDATION(S)	2018 January 25
That Calgary Planning Commission recommends APPROVAL of the proposed Land Use Amendment.	
RECOMMENDATION(S) OF THE CALGARY PLANNING COMMISSION	
That Council hold a Public Hearing on Bylaw 93D2018; and

Give three readings to the proposed Bylaw 93D2018. 	

REASON(S) FOR RECOMMENDATION:

The proposed R-C1s district, which allows for one of two forms of secondary suite uses (Secondary Suite or Backyard Suite), is compatible with and complementary to the established character of the community. The proposal conforms to relevant policies of the Municipal Development Plan and will allow for development that has the ability to meet the intent of Land Use Bylaw 1P2007.

PLANNING EVALUATION

SITE CONTEXT

Located in a low density residential R-C1 setting in the community of Thorncliffe, this pie-shaped site is approximately 25 metres by 34 metres in size and is developed with a bi-level single detached dwelling and a two-car detached garage that is accessed from the rear lane. Single detached dwellings exist to the north, east, south, and west of the site.

According to data from The City of Calgary 2017 Census, the following table identifies Thorncliffe's peak population and year, current 2017 population and the population amount and percentage difference between the peak and current populations if any.

Thorncliffe	
Peak Population Year	1977
Peak Population	11,379
2017 Current Population	8,474
Difference in Population (Number)	-2,905
Difference in Population (Percent)	-26%

LAND USE DISTRICTS

The proposed R-C1s district allows for an additional dwelling unit (either a permitted use Secondary Suite or a discretionary use Backyard Suite) on parcels that contain a single detached dwelling.

Approval of this land use application allows for an additional dwelling unit (either a Secondary Suite or Backyard Suite) to be considered via the development permit process. A development permit is not required if a Secondary Suite conforms to all Land Use Bylaw 1P2007 rules – only a building permit would be required.

APPENDIX I

APPLICANT'S SUBMISSION

Land Use Redesignation Applicant's Submission

Secondary Suites

PL 1264 (R2017-09)

This form is to be filled out by the applicant and provided to The City of Calgary at the time of submission. These comments are included in a report which is presented to the Calgary Planning Commission and a Public Hearing of City Council. Your comments must be limited to the area designated on this page to ensure it will fit the space requirements of the report.

- 1) What are the benefits of the redesignation, for you, the surrounding community and the City of Calgary?
For me, provide space for my work shop and allow indoor parking at the same time. Rental income would help subsidize the cost.
For community and city, provide more budget rental availability 2 blocks from future C train station in a mature neighborhood close to downtown
- 2) Provide information on how you engaged with the neighboring land owners and/or the Community Association?
What was the response?
I've spoken to neighbors that I know, haven't done much of this
- 3) Identify how you will provide the required parking for both the primary dwelling and the secondary suite on your parcel?
There will be parking for all in the new building as well as street parking out front ie, culdesac unwritten rule in the culdesac is 2 vehicles/house
- 4) Are there any potential negative impacts of this development that you are aware of?
construction can be noisy
