## Community Outreach for Planning & Development Applicant-led Outreach Summary

### What did you hear?

Provide a summary of main issues and ideas that were raised by participants in your outreach.

We have not received any feedback from the Community Association and the Ward Councilor. We have received two responses from surrounding neighbours after we did our postcard drop. They were inquiring about the future built form of the project.

### How did stakeholder input influence decisions?

Provide a summary of how the issues and ideas summarized above influenced project decisions. If they did not, provide a response for why.

With receiving no feedback from the CA, Ward Councilor and limited feedback from the neighbours we are going to continue with our original plan to rezone this site to an R-CG zoning.

### How did you close the loop with stakeholders?

Provide a summary of how you shared outreach outcomes and final project decisions with the stakeholders that participated in your outreach. (Please include any reports or supplementary materials as attachments)

We will keep updating the two neighbours that reached out with project details as we continue with the rezoning and DP application.
