NOTICE OF MOTION
CC 661 (R2009-05)

THE CITY OF CALGARY
CITY CLERK'S

NM2016-MAY 9

RE: REGIONAL PARK AND RIDE - TRANSIT FEASIBILITY STUDY

**COUNCILLORS POOTMANS, DEMONG, SUTHERLAND, and
MAGLIOCCA**

WHEREAS The City of Calgary has an integrated and effective transit system with the CTrain network as its backbone providing service to downtown Calgary;

AND WHEREAS park and ride facilities at terminal stations can experience significant pressure and waitlists for reserved parking;

AND WHEREAS park and ride facilities have been introduced throughout Calgary in strategic locations to intercept vehicles at the earliest opportunity to help reduce congestion in and around the centre city;

AND WHEREAS The Calgary Transportation Plan and RouteAhead include coordination with regional municipalities to integrate transit services in the city and the region as a long-term priority;

NOW THEREFORE BE IT RESOLVED that Administration is directed to: investigate undertaking a Transit Feasibility Study to assess the demand for satellite park and ride lots outside of the city limits with bus service to Calgary;

AND FURTHER BE IT RESOLVED that the study identifies the associated marketability, ridership potential, financial implications, operational requirements, and synergy with other Calgary Regional Partnership plans and Province of Alberta transportation projects.
