<b>Commissioner Tiedemann</b>	Reasons for Approval <ul style="list-style-type: none"><li>• Redesignation to change from DC based on R-2 to a DC based on M-CG to increase the number of allowable beds in an existing children's healthcare center. The proposed DC district also provides a definition for the use "children's health centre". This is a phenomenal exiting use and I am thrilled to support the expansion of this facility.</li></ul>
<b>Commissioner Hawryluk</b>	Reasons for Approval <ul style="list-style-type: none"><li>• This is an incremental expansion of an existing adolescent care centre. The Land Use Amendment defines the "Children's Health Centre" use and aligns the Land Use District with the 2007 Land Use Bylaw. This application is straightforward and would let the applicant provide mental health services to more children.</li></ul>
