Community Outreach on Planning & Development Applicant-led Outreach Summary

Please complete this form and include with your application submission.

Project name: Babul Hawaii Centre

Did you conduct community outreach on your application? YES or NO

If no, please provide your rationale for why you did not conduct outreach.

Outreach Strategy

Provide an overview of your outreach strategy, summary of tactics and techniques you undertook (Include dates, locations, # of participants and any other relevant details)

Our goal was to reach as many neighbours as possible after receiving the DTR in the second week of November 2022. First we decided to reach out by mailing out letters to all the neighbours in the vicinity. Second tool we tried was door knocking to meet the neighbours face to face. Our next method of reaching out to the community was contacting them by phone calls and this took place in early part of December. The final step was to hold an open house in the first week of February 2023 at 3025 12 Street N.E.

Stakeholders

Who did you connect with in your outreach program? List all stakeholder groups you connected with. (Please do not include individual names)

We did connect few of the stakeholders by phone which were close to our location .

- 1) Croatian Canadian Cultural Centre
3010 12 Street N.E.
- 2) Polaris Engineering

Community Outreach for Planning & Development Applicant-led Outreach Summary

What did you hear?

Provide a summary of main issues and ideas that were raised by participants in your outreach.

The only response or issue was raised by the participants on the phone was how nice it would be to have this building fully occupied or how are we going to handle parking?

How did stakeholder input influence decisions?

Provide a summary of how the issues and ideas summarized above influenced project decisions. If they did not, provide a response for why.

We had very little response at any of our outreach tool we used as it was stated in the previous question. The reason for low or no response is because all of our activities are either in the evenings or weekends. We will be working together with all of our neighbours for better solution if any issues will come in the future.

How did you close the loop with stakeholders?

Provide a summary of how you shared outreach outcomes and final project decisions with the stakeholders that participated in your outreach. (Please include any reports or supplementary materials as attachments)

We have not shared any outreach outcomes because we had no participation from any of the stakeholders. All of our outreach tools from the letters to open house did not have any response from any stakeholders. Only response was on the phone calls as mentioned previously. We will reach out to the few stakeholders and do our best to work with them.
